*this
is
kiski*

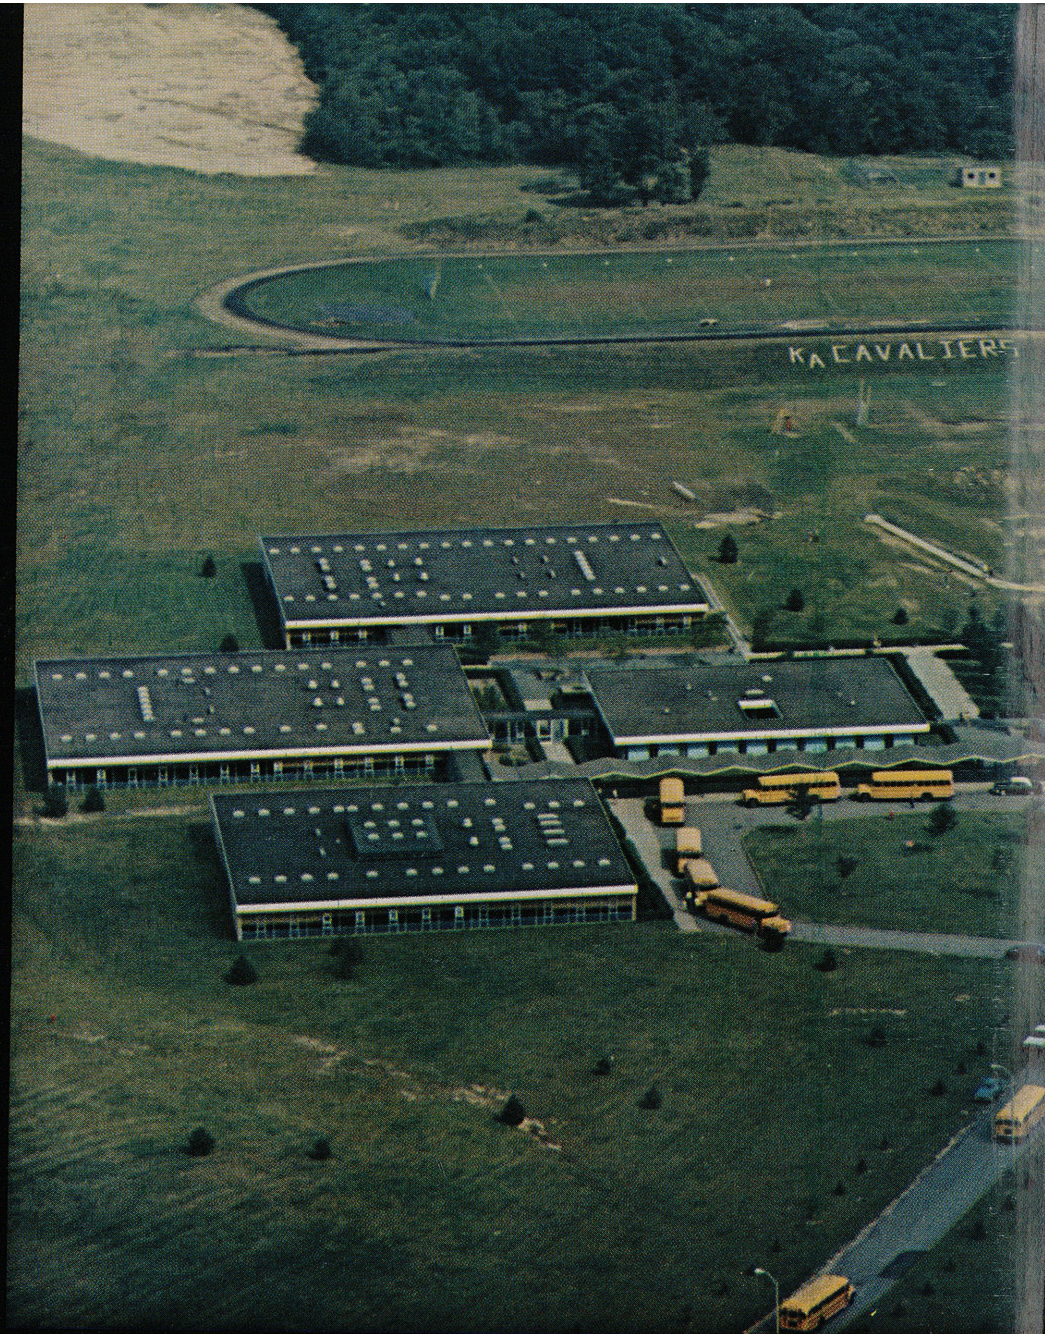

Your Kiski . . . my Kiski . . .

Our Kiski.

Not just a network
of brick buildings,
Not merely a school,
But an experience . . .

A happening.
Totally and terrifyingly
new to some;
yet wonderfully familiar
to others.

Constantly changing;
yet always remaining
firmly secure.

Amid the confusion during the change
of classes, students exchange
cheerful greetings and friendly gossip.

This is Kiski . . .
The complexity and vastness
of the building structure is depicted
in an aerial view of the "Big K."

Kiski's principal, Mr. Miller,
begins a new day as he opens the door
of the administration building.

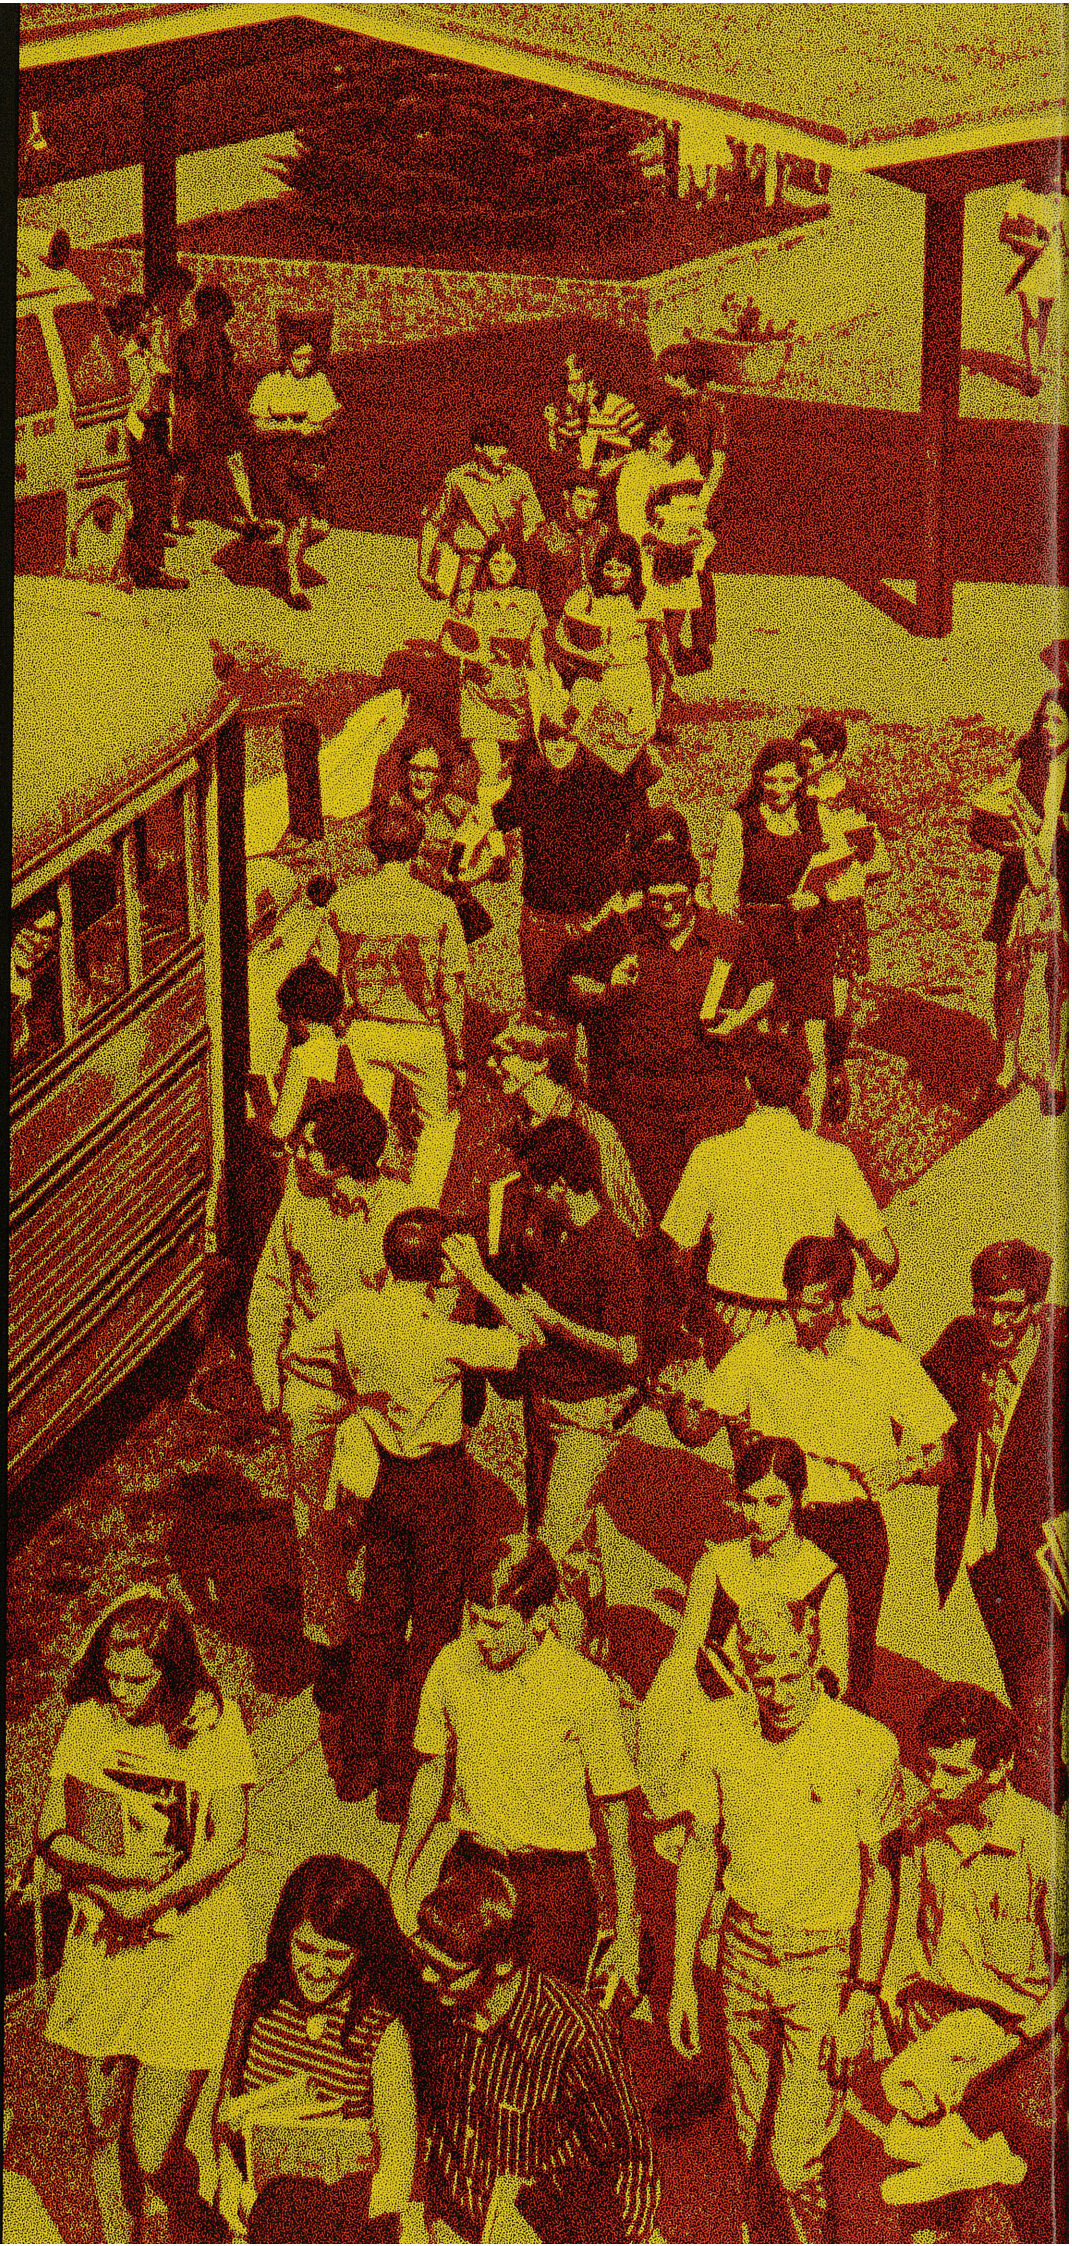

Getting a hot meal of nutritious
food, hungry juniors file through the
lunch line in the cafeteria.

This is Kiski.
A place to find yourself,
and discover others.
An opportunity to grow,
to develop,
to mature.
A time to laugh
and cry,
give and take.
Kiski is a feeling—
personal and unique . . .
Known only to those who
have experienced it.

While classes are in session,
the silence of Kiski's campus is broken
by the conversation of two sophomores.

Caught in the midst of a busy morning, Linda Bazella waits for Mr. Williamson to approve an early dismissal.

3:30! Students make jokes, chatter, and clown while strolling to their buses after an exhausting school day.

a place
for
exploration

Reach out—a world is waiting.
An infinity of new experiences
and bright horizons.
We explore for originality.

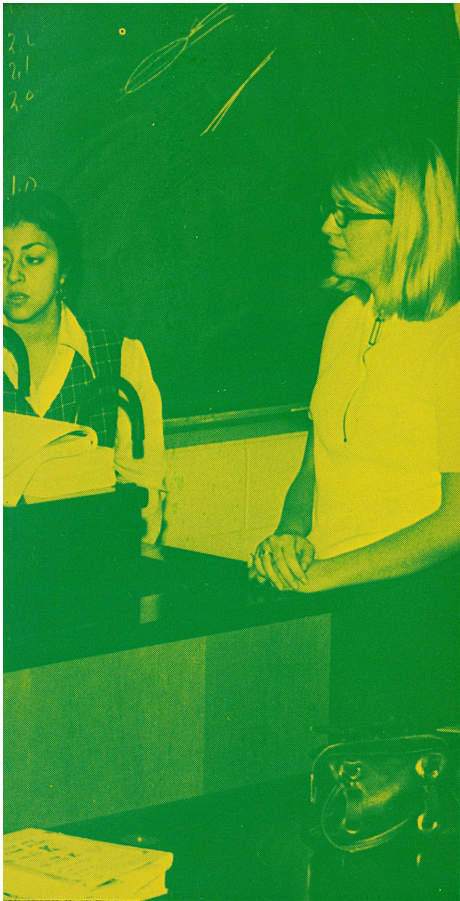

We reach for a way
to develop ourselves . . .
to become individuals.

We take repeated stabs
at the unknown
attempting to discover "why".

Sometimes, our strenuous
efforts are rewarded
only by empty minds
and aching bodies.

Exploration—an unending quest.

Conducting a chemistry experiment, Seniors in Mr. Eckman's seventh period class observe crystallization of sugar in water.

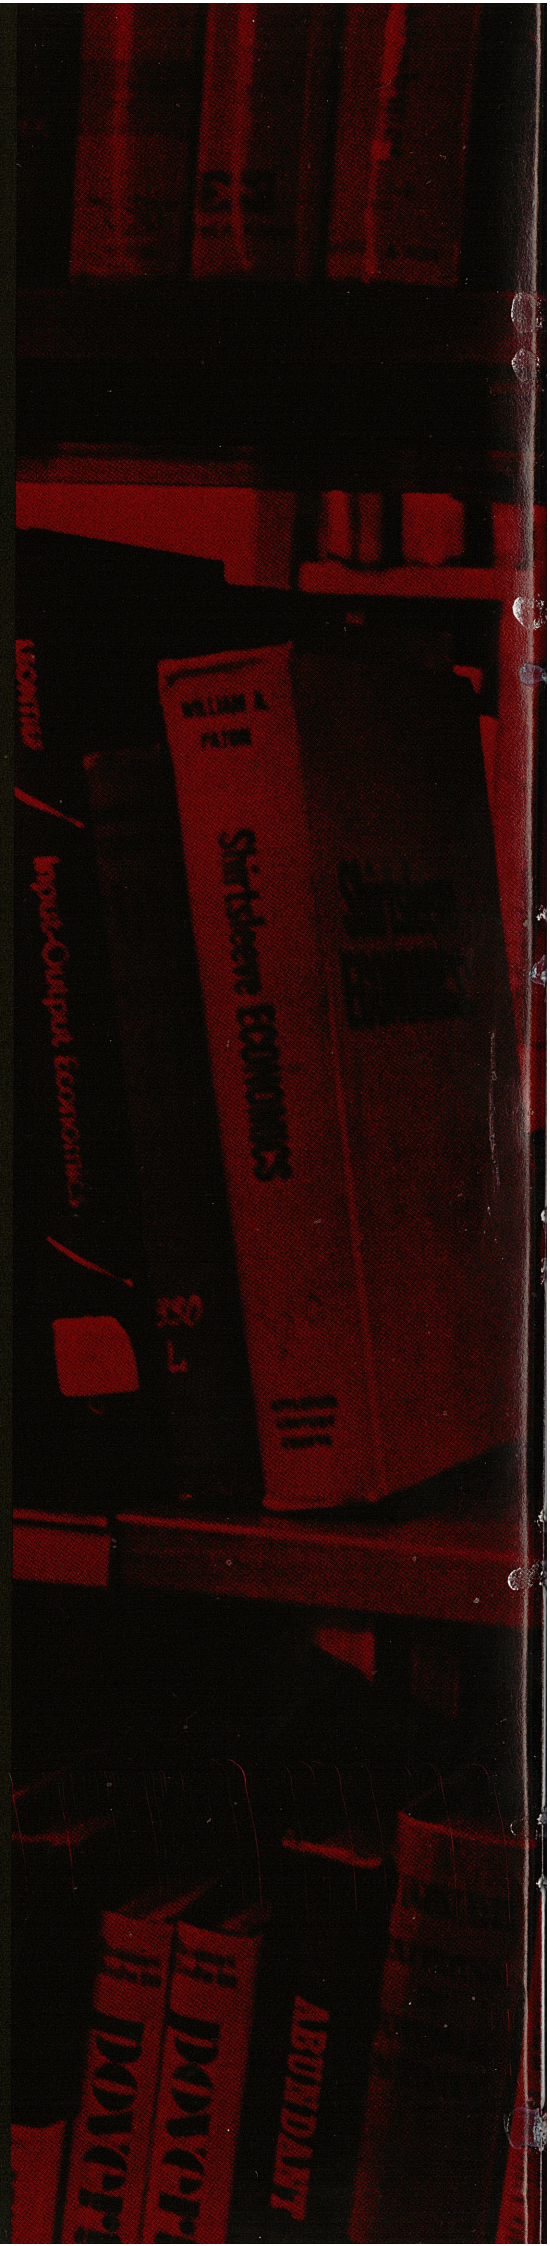

Dick Matusiak and Dennis Mikula gather facts for a report through the use of one of the library's filmstrip previewers.

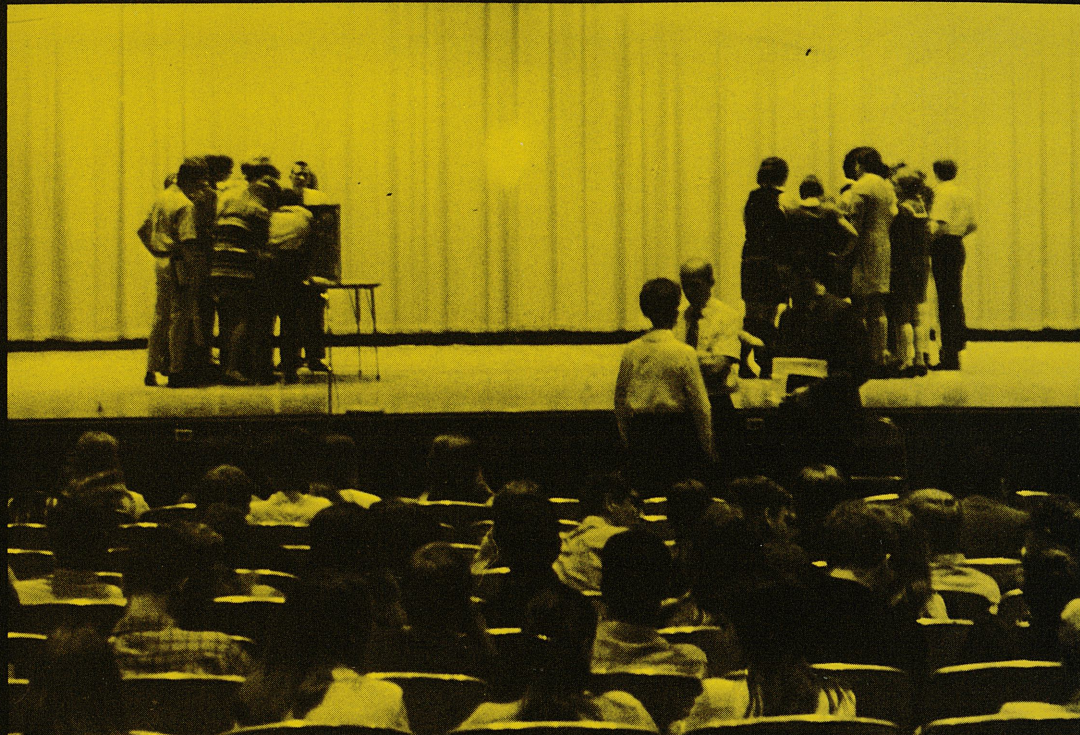

Mr. Kalchthaler moves his general biology class outdoors in order to study man's environment.

Peering through the library stacks,
Debbie Shelky contemplates the wide
realm of knowledge available to
Kiski students.

Discovering the proper method of
changing a tire, Denise Bert does
the dirty work, while Mrs. Lankerd
and Sue Trinclisti look on.

During the second assembly in the
"Drug Awareness" programs, students observe
rainbows", "goofballs", and other dangerous drugs.

*a place

In preparation for his
Chemistry experiment, Paul Ross
fires a glass tube in order to
round the edges.

a place to get involved

To participate,
to become involved,
to enjoy life at Kiski.

We join clubs and
work together to achieve a goal.

We give up free time
on Saturdays to do

Kiskizette and Yearbook work.

We break our backs
selling tickets and
rehearsing for a class play.

But it's what we want.
Total involvement is a must.

It is here at Kiski
waiting to be found.

An involved, energetic meeting of the *Kiskizette* staff helps to produce the monthly paper.

In the seance scene from the senior class play, "Blythe Spirit," Madame Arcati (Peggy Czuszak) prepares her audience for a trance.

On Saturday, November 21, Kiski supporters traveled to Three Rivers to share the exuberance of the Championship game.

A colossal and poster-plastered stadium . . .
 an invincible and aspiring football machine . . .
 an expectant and fiercely loyal crowd . . .
 all of these mark the splendor and the
 excitement of the "Three Rivers' Experience".

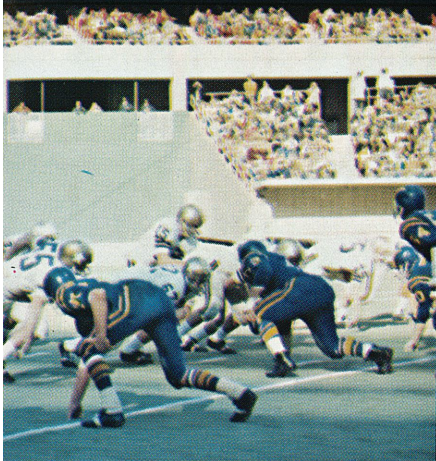

Golden brown autumn leaves serve as an
 attractive frame for the pep band as they
 stir up excitement for the Hempfield game.

A "Kiski Victory" sign in the gym fires
 Kittanning

Midst the blinding sunlight and the
 spirited cheers, the Big "K" Machine makes
 a desperate attempt to gain yardage
 at the "AA" Championship game.

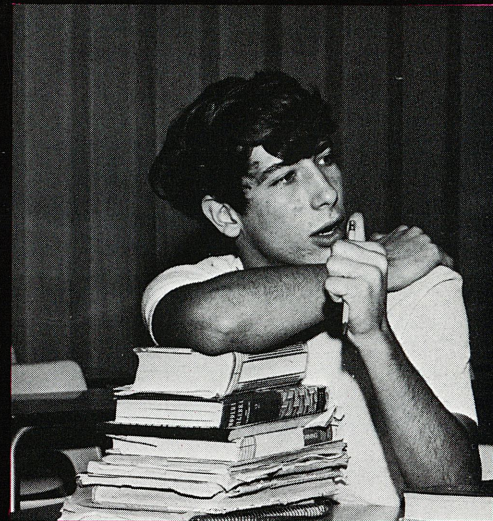

an exciting place

Kiski is
 an atmosphere of excitement!
 A world of enthusiasm . . .
 Sophomores fathom the Big K.
 Juniors receive class rings.
 Seniors campaign for
 class elections.
 A world of anticipation . . .
 waiting for college board scores,
 wondering if we captured
 that part in the musical,
 hoping to be accepted
 at that special college.
 A world of emotions . . .
 thrilled by the excitement
 of a basketball game,
 crushed by defeat
 at Three Rivers.
 Excitement, tension, suspense . . .
 an inevitable part of life
 at Kiski

a place for discussion

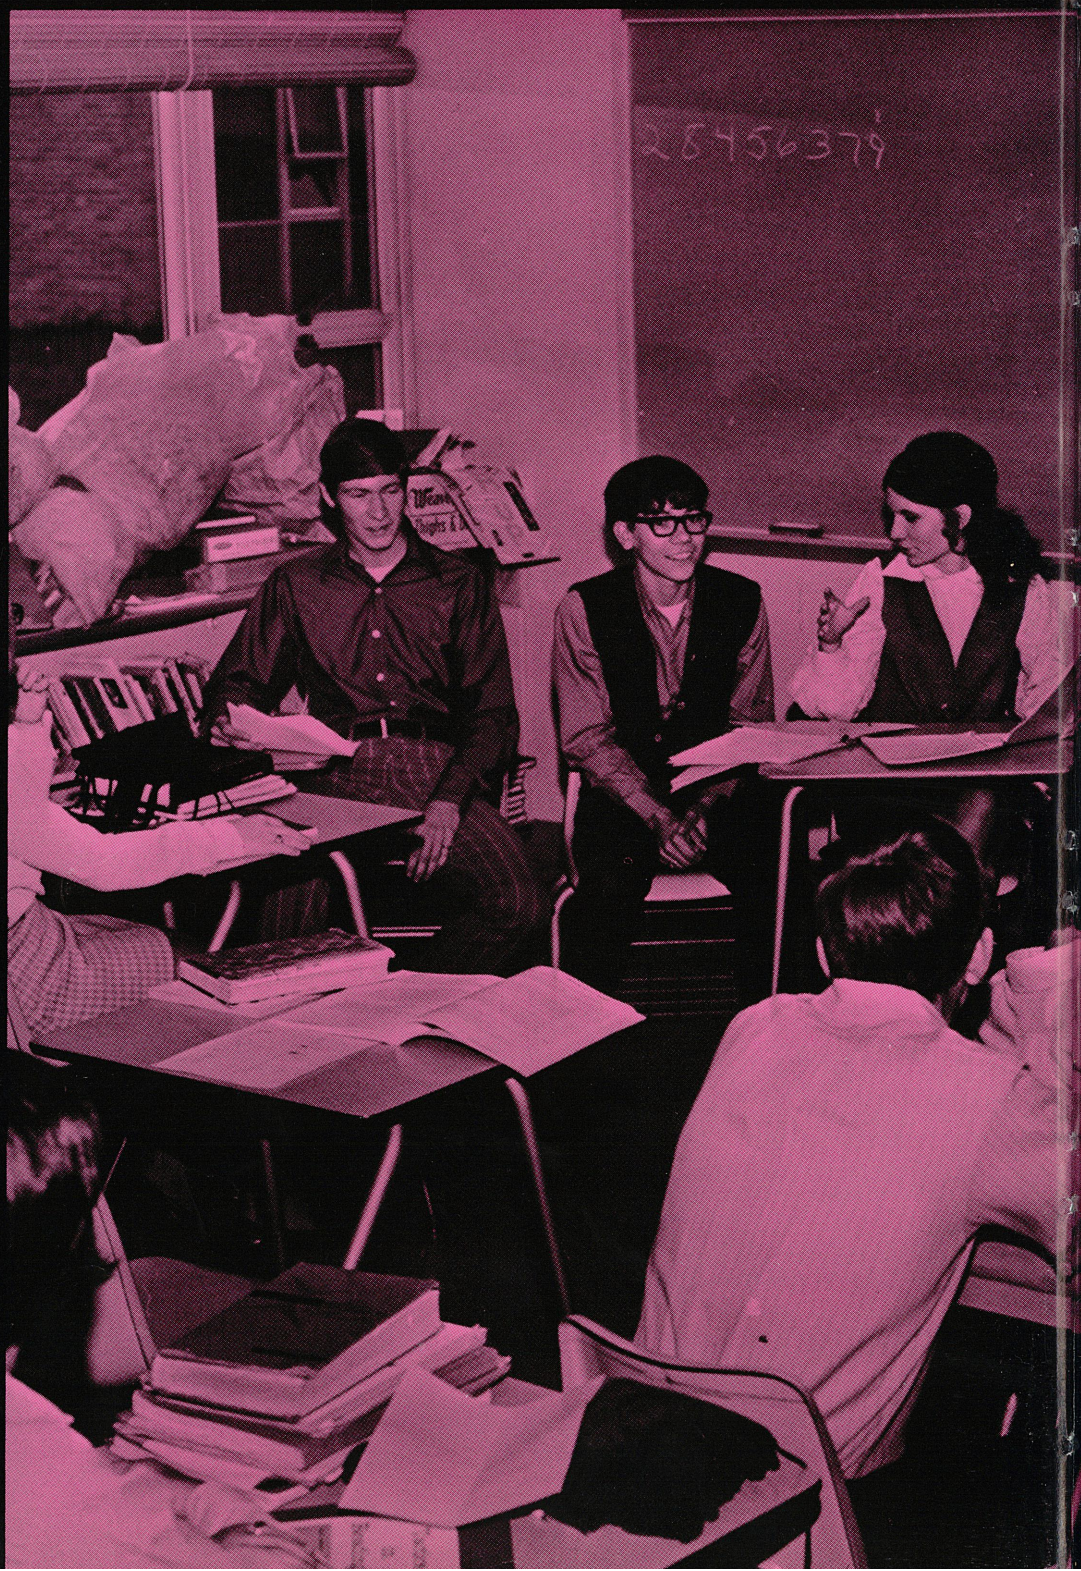

From inside the classroom
is heard an excited
clamour of voices . . .
young minds expressing
their opinions.
Radicals and liberals,
hawks and doves—
each trying to keep
an open mind yet defend
his beliefs.

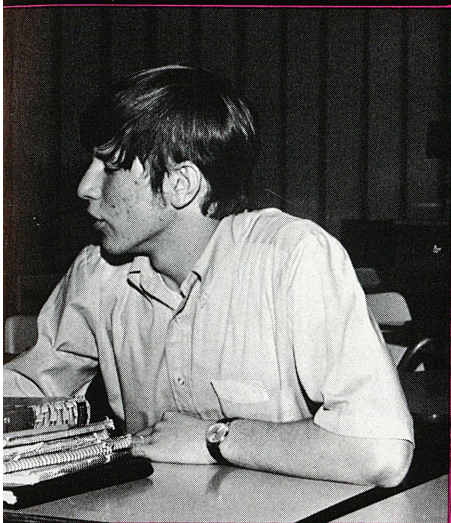

Discussion . . .
a pathway to understanding.
We exchange friendly gossip
at our lunch tables.

In the halls
friends meet
for only a second,
but there is still time
to discuss the
latest developments.

Whether at home . . .
in class . . . or at lunch
our knowledge is
increased by discussion.

And we emerge—
a little more tolerant,
a little more confused,
and a little more enlightened
from the total experience.

Kiski's Seminar Classes offer students an opportunity to express their opinions. In the series of pictures at the left, Mr. Duckworth's World Cultures Seminar students are engaged in a heated discussion. First, Craig Silvis questions the validity of Kiski's dress code and is supported by Andrea Matisz (next picture). Meanwhile, John Koleny impatiently listens while a determined Larry Kachik defends the school's policy.

John Davison and his two friends discuss their problems before the start of a school day.

Students in Miss Wichrowski's English class discuss the social impact of Truman Capote's *In Cold Blood*.

On a bookkeeping exam
Kathy Trunzo concentrates on
choosing the correct answers.

During an interview with Mr. McDermott,
Pam Conway and Elease Polke discuss their
academic records and decide on future courses.

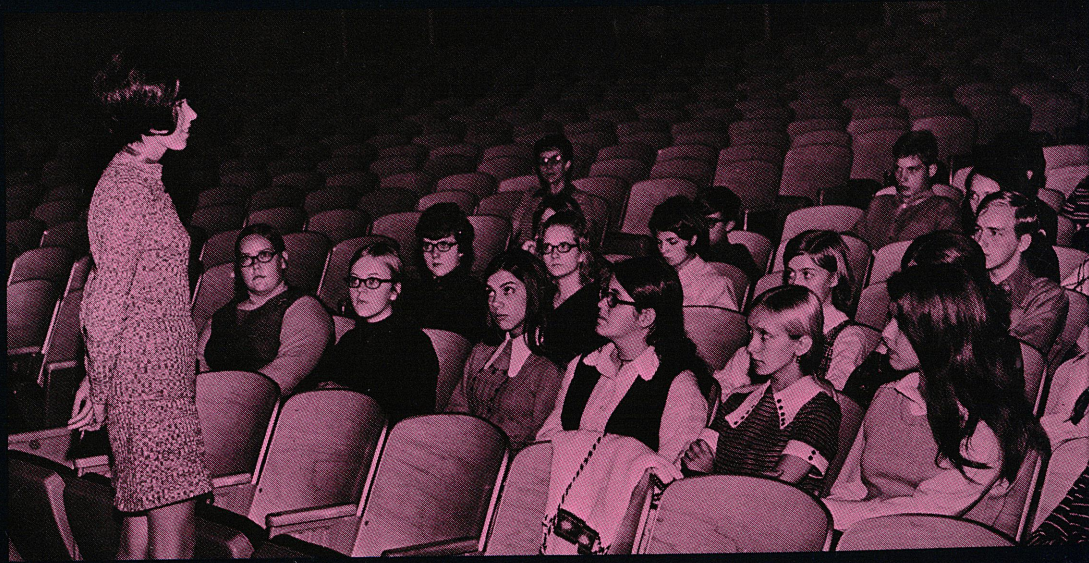

Trying to decide which college to attend, Cyd Kazor browses through a college bulletin in the guidance office.

a place for decision

It's up to us.
We must make our decision—
Kiski gives us the chance.
We are perplexed by questions
of the future.
Our time is limited,
and we must decide
on the best way to use it.
We choose our courses,
our activities, and eventually,
our careers.
Today's decisions produce
tomorrow's results.
We bravely take
the decisive step, and wonder
if we made the correct choice;
Study or sleep . . .
pass or fail . . .
admit or lie . . .
Decisions—
We make them.
We regret them,
We profit by them.
The universe is at our feet—
The key is in our hand.
It's all within our grasp—
Decide . . .

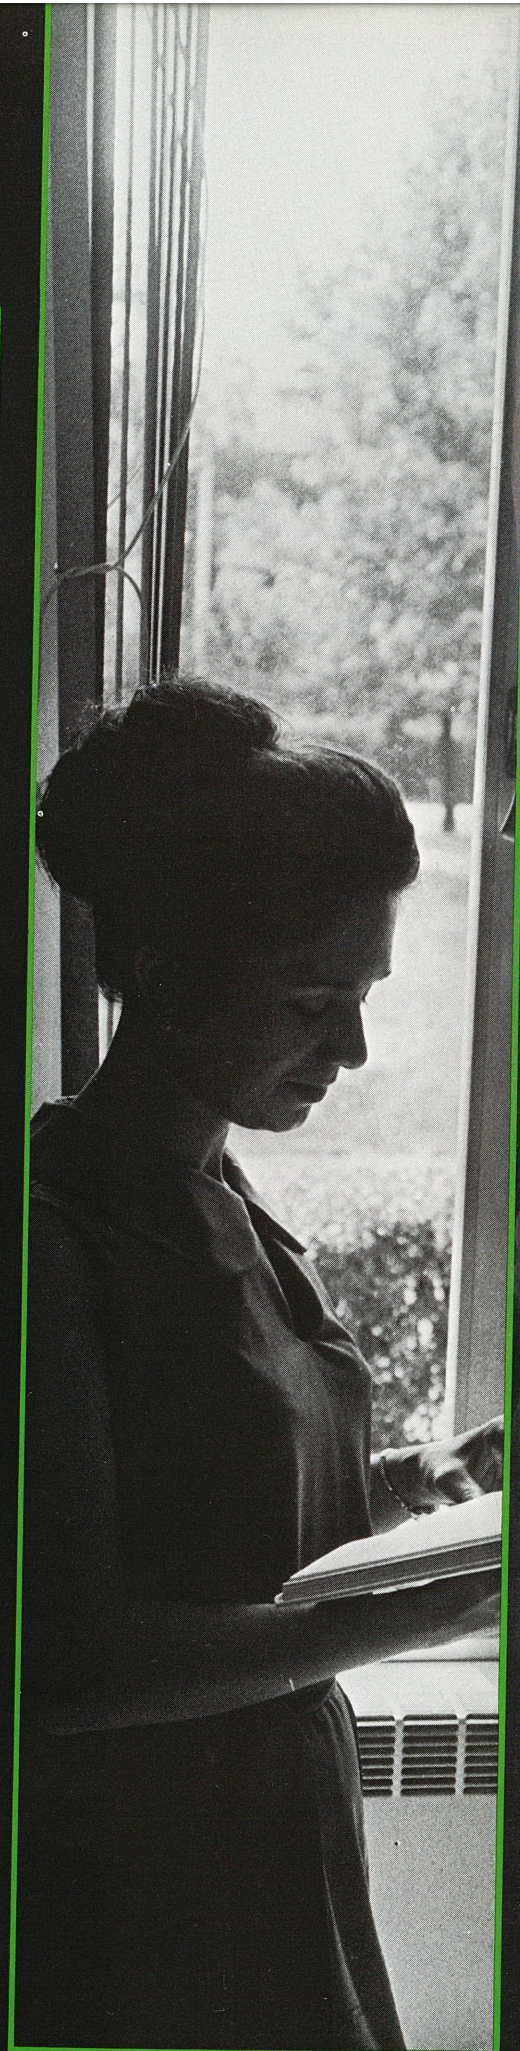

While listening to a representative from Duff's Business School, students decide on their vocational choice.

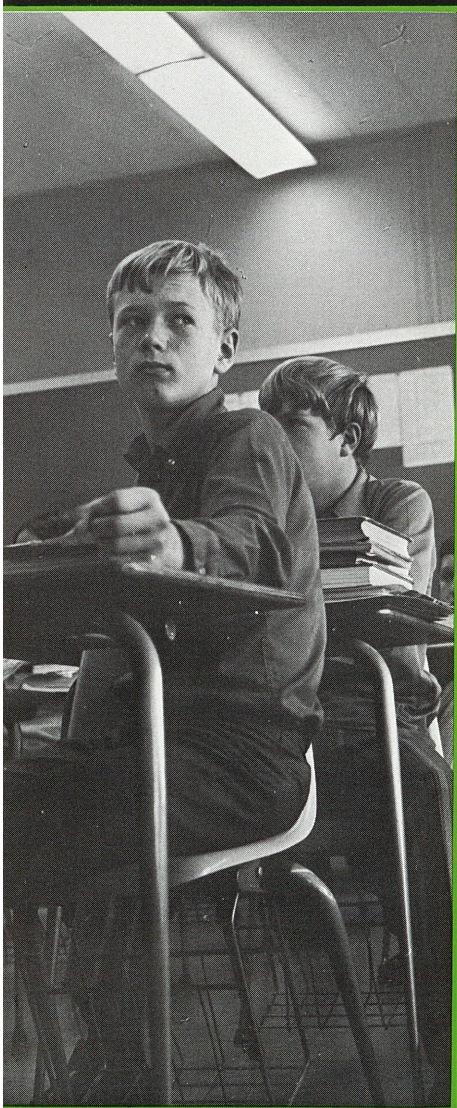

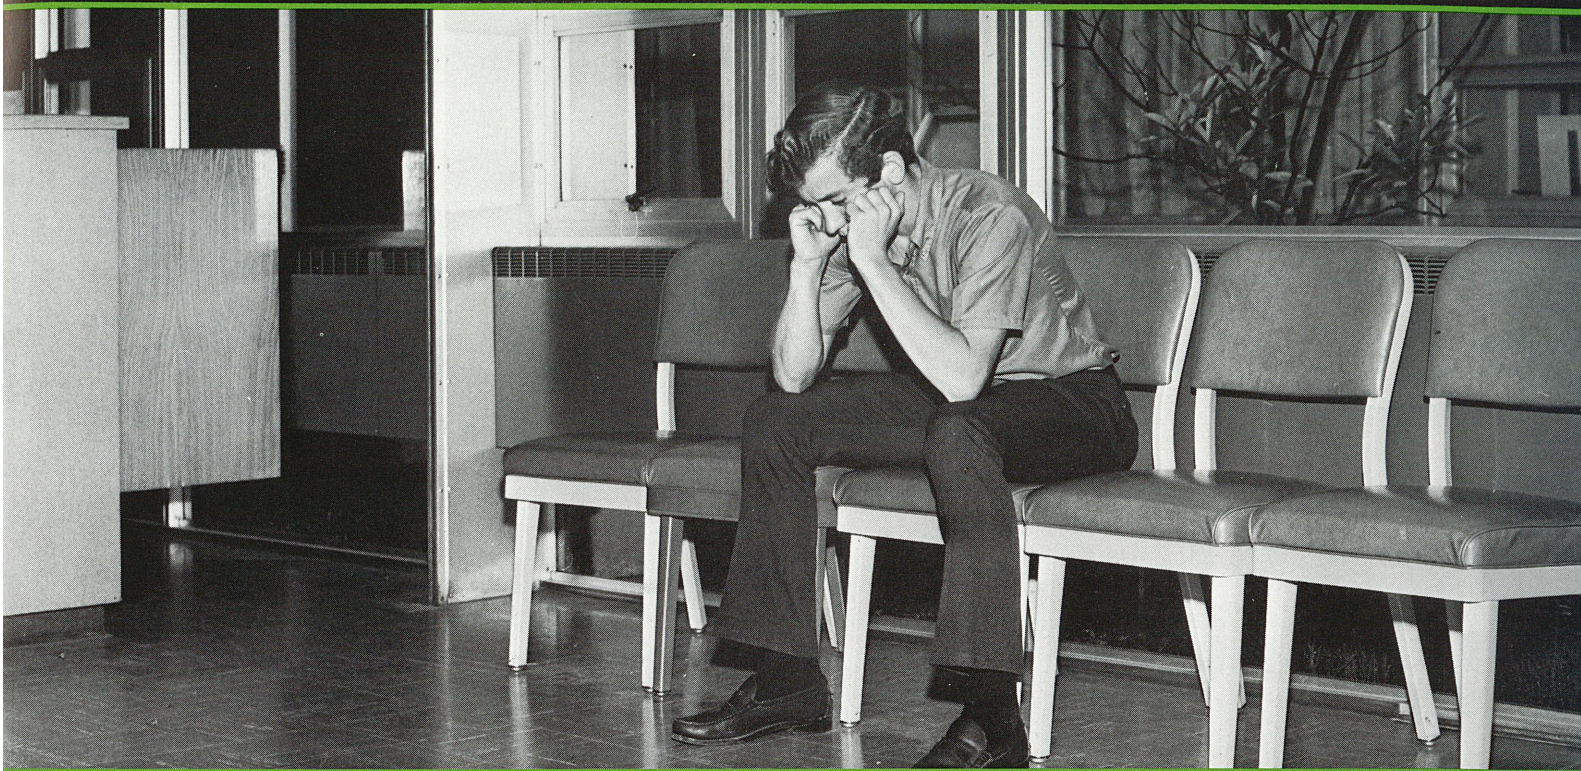

Before the start of the school day, Homeroom 101 joins the entire school in morning meditation.

During her free period, Mrs. Jastrzemski pauses to enjoy one of the library's many books.

Before his interview with Mr. Williamson,
Gary Bowser ponders his situation.

Contemplating the future of Kiski Area,
one Fisher surveys the building construction.

During a rainy afternoon, Mary Ann DeSalvo
takes advantage of a rare break to stroll
through the deserted campus.

a place for reflection

Elbows to elbows in
crowded classes . . .
Knees to knees in the
mobbed buses . . .
Confused minds jumbled with
unintelligible facts . . .
all combine to form
a smog of anxiety—
a chaos neither
chosen nor understood.
Then one day,
we feel a desperate desire
to escape . . . to be alone.
We need a chance to untangle
our emotions and
search for identity.
Past events are recalled . . .
Memories are re-lived.
Kiski presents the atmosphere.
Kiski gives us the chance.
Reflect . . .

Escaping from the web of confusion, Terri Heide finds a moment of peace and contentment in the brilliant maple grove.

The changing seasons at Kiski are captured in the maple grove.

With the return of anxious students, steel beams and girders crop up as Kiski's building construction begins.

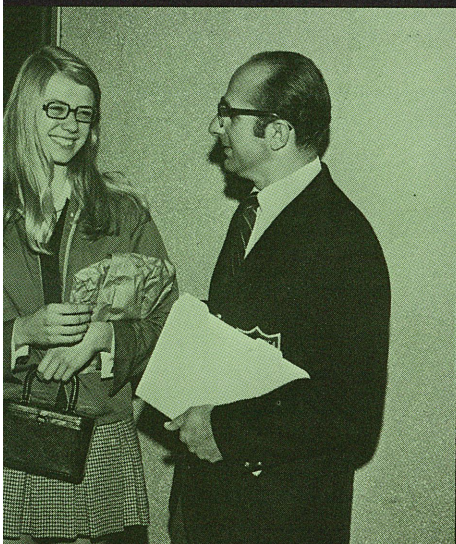

The dawn of a new day, a new season—droplets of dew appear on golden autumn leaves.

A Changing Place

Kiski's students live in a constantly changing environment. Unbearably hot summer afternoons give way to cool autumn days and building expansion begins. As golden leaves turn brown and glistening white snow covers our campus, students prepare for semesters. The coming of Spring brings thoughts of the prom and graduation. Throughout the year we mature. We change our moods, our appearances, our opinions. Kiski changes and so do we.

Before the beginning of morning announcements, jolly Mr. Morea jokes with Linda Bossart in the hall.

a friendly place

Friendship is an inevitable
part of our education—
we learn from it
and we prosper by it.
During an informal discussion
with friends
our views are broadened.
While working on club projects
we comprehend
the meaning of teamwork.
Together we cheer our teams
on to victory,
and together we cry
when Mt. Lebanon defeats us
at Three Rivers.
Together we share our lunches,
our homework,
our hang-ups . . . our cares.
Friendship . . .
a personal thing,
an intimate thing,
a beautiful thing,
especially at Kiski.

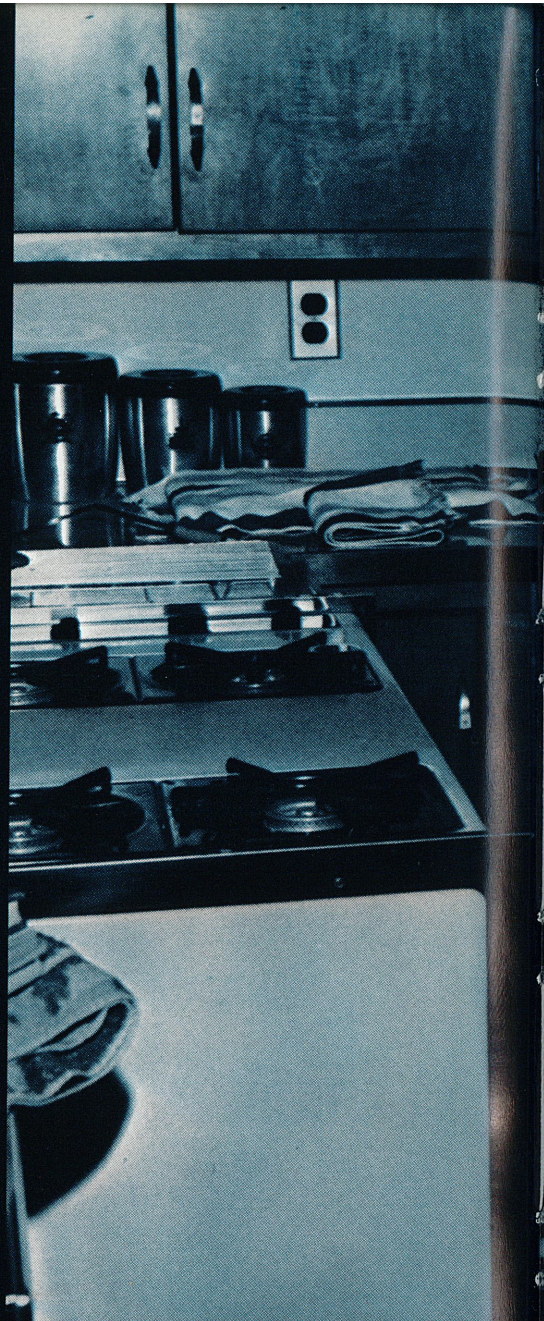

Jackie Giworonik and a friend pause for a moment of quiet talk before strolling to their homerooms.

Tom Riggle and Vickie Orkwis watch the 3:30 confusion as students scramble for the buses.

For the open house program, seniors Patty Huffman and Donna Pierce bake old-fashioned cookies for parents and students.

Juniors Bob Silva and Doug Sober take advantage of a rest period during a long day of football camp to engage in a friendly game of poker.

Cross Country runners sprawl in the grass for a bull session.

*a place
to feel
at home*

Kiski is our second home. We live in an impersonal atmosphere which we transform into a cozy, friendly place. We change the cold school equipment into comfortable furniture.

A pile of books or a bunch of gym clothes become a soft pillow. Cafeteria food and Mr. Israel substitute for homecooking and Dad.

For many of us, our day really begins at 3:30.

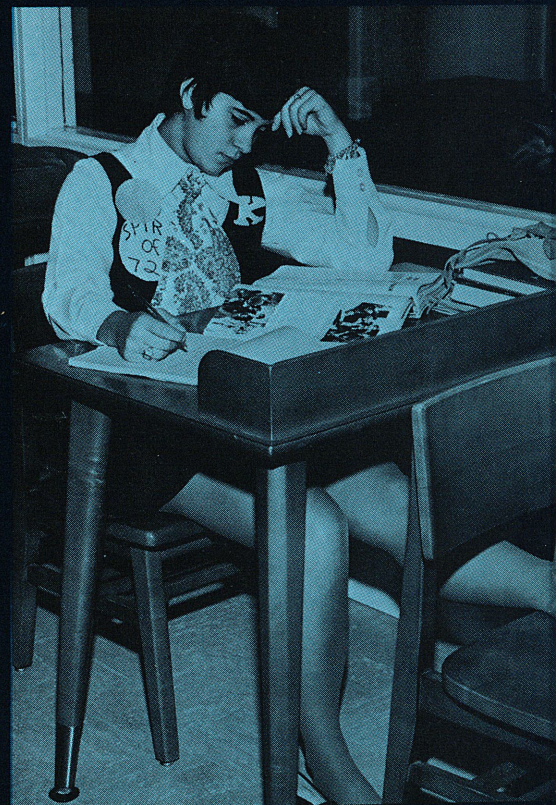

Practices, clubs, rehearsals deprive us from watching Paul Shannon.

Kiski is ours—

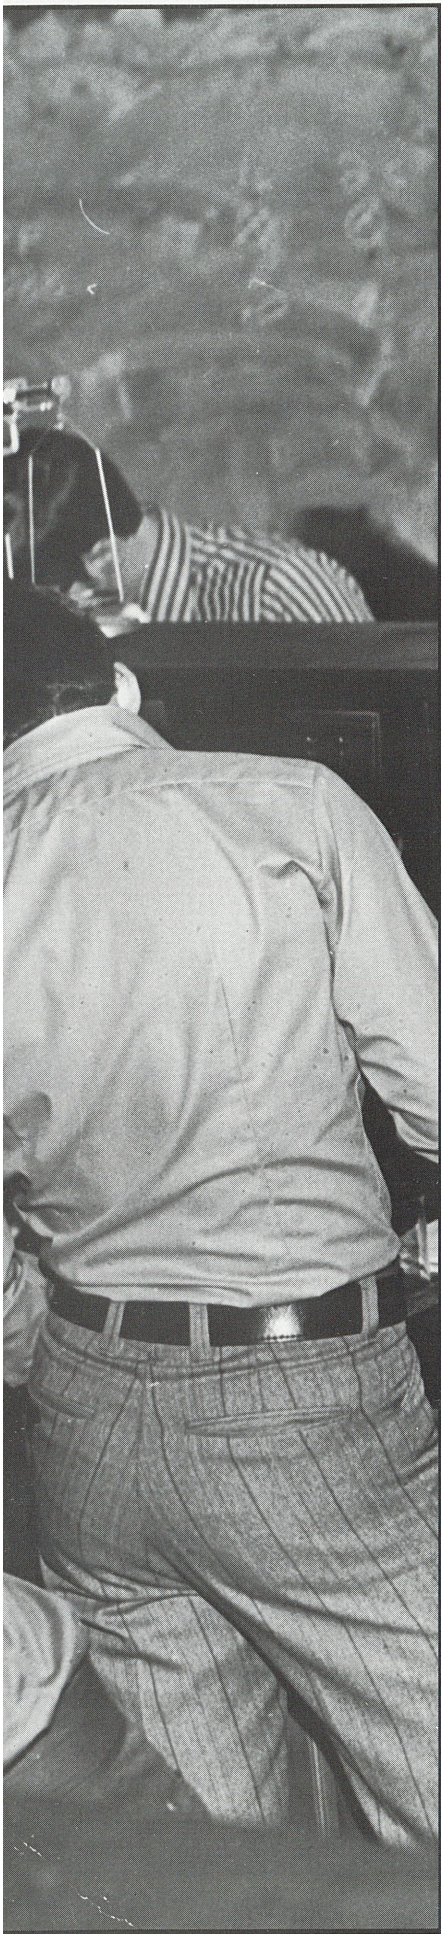

We live here . . .

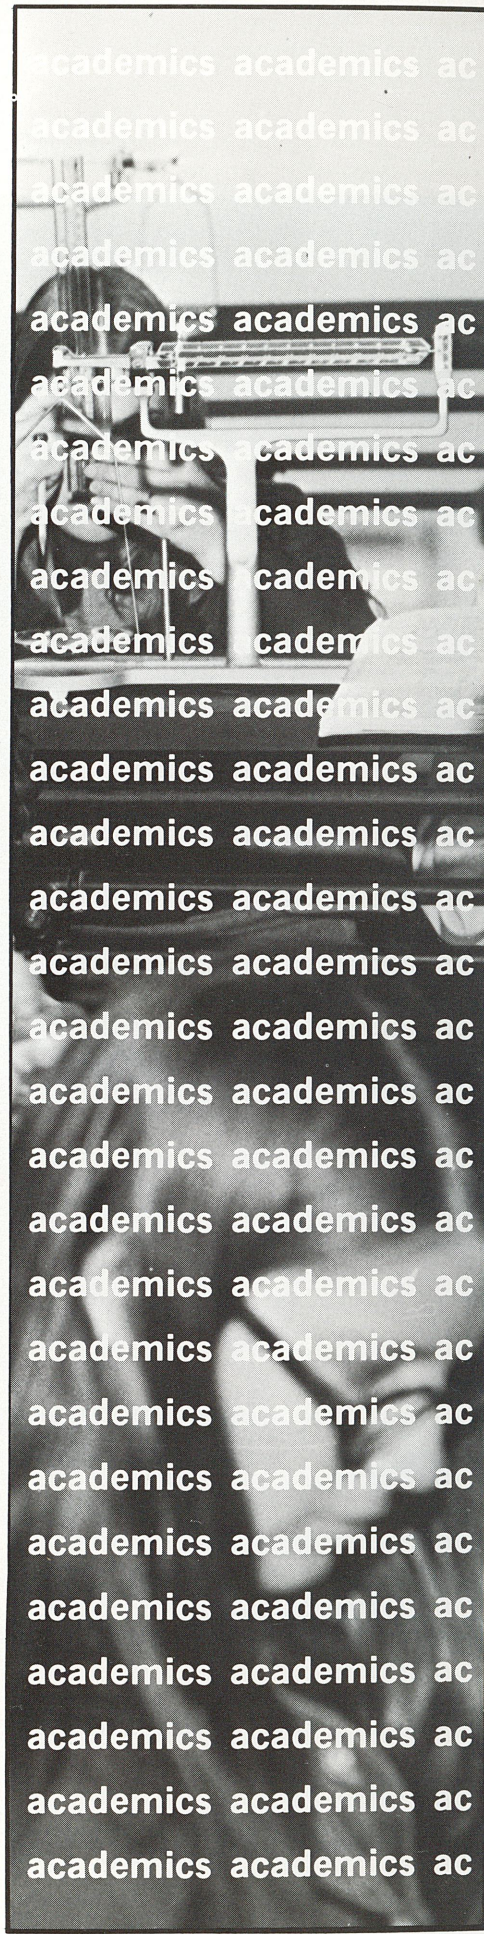

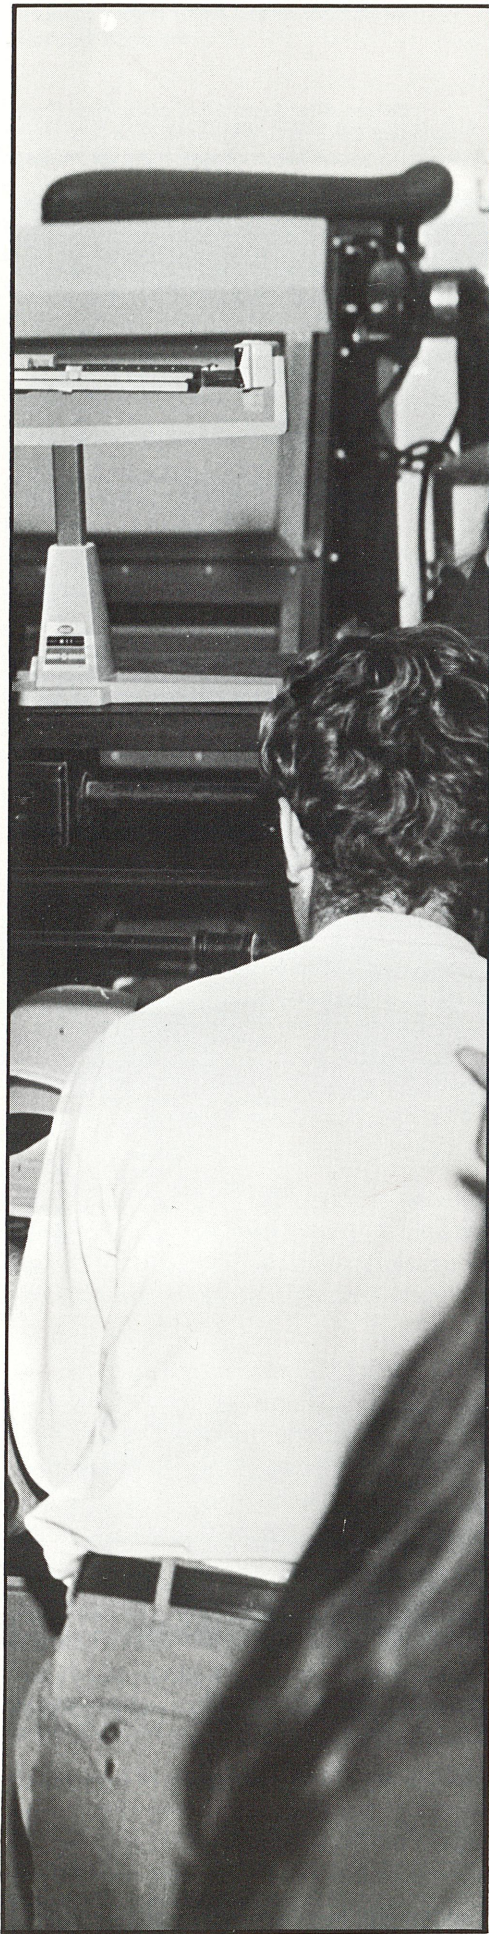

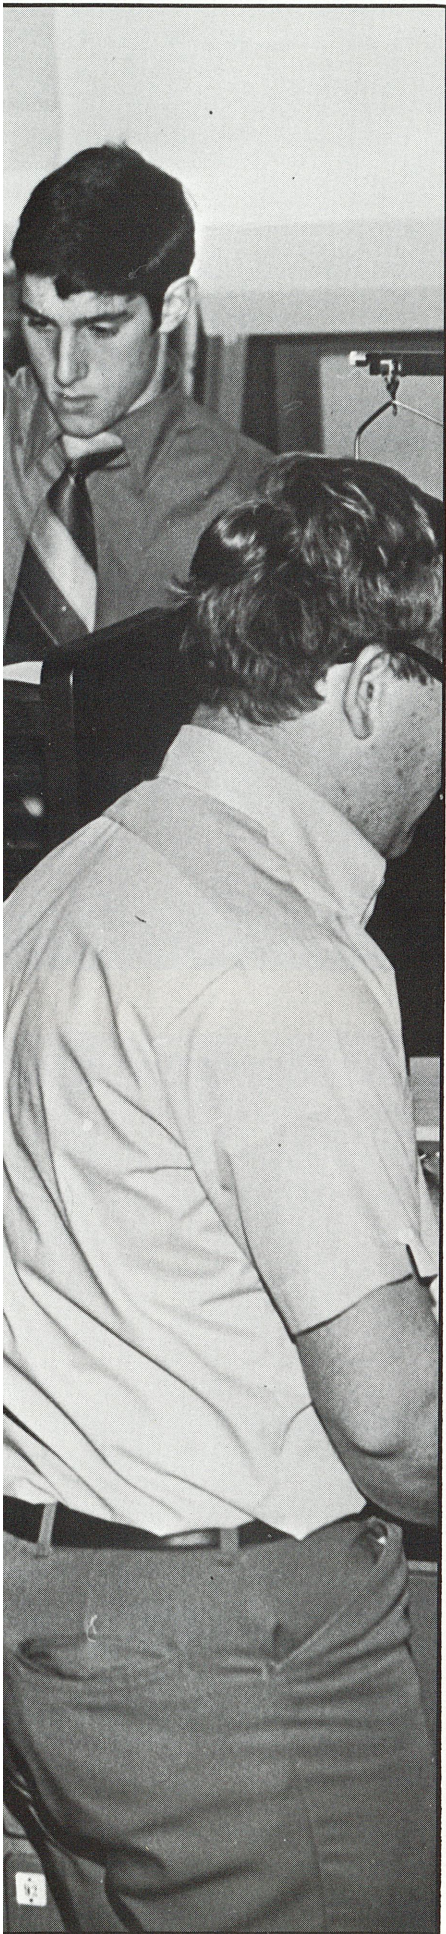

We work here . . .

We have made it what it is.

Lounging comfortably in the library, Paula Carpentieri does some research for the November elections.

College, Vocations, Guidance— Young Adults Find Aid Toward The "Rat Race" Called Life

Arriving at school by 7:15 a.m. and working until 4:00 p.m. each day, our Guidance Counselors strive daily to help us choose colleges, arrange schedules, and plan our futures.

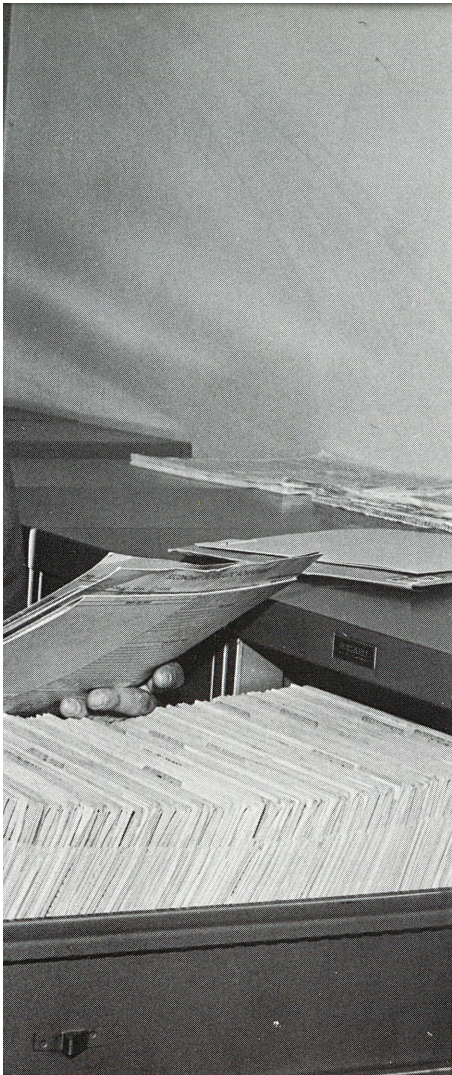

Mrs. Martinisko, former nurse at Kiski, replaced Mr. Mintus while he traveled throughout Europe and the United States for the first semester. Under her direction, 275 juniors took the National Merit Scholarship Test and over 310 juniors took the P.S.A.T.

Sophomore counselor, Mr. McDermott, examined and accepted the Stanford Achievement Testing Program which will replace the previously administered S.T.E.P. tests.

Seniors under the counseling of Mrs. Smith were the first Kiski students to take advantage of the Westmoreland Community College, which opened February 1, 1971.

Guiding our lives to the best of their ability, our counselors help determine our future endeavors.

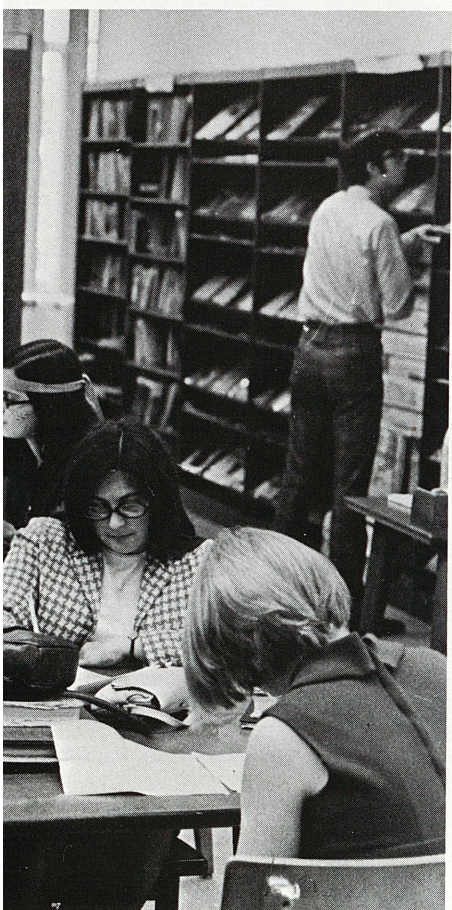

Research, research and more research. But Kiski's Library served many more purposes than just research. It served as a socializing room where students exchanged the latest gossip. One could always hear Mr. Kulas' shouts echoing through the 13,000 books — "All right, people. Let's knock it off out there!"

During the school year, many classes utilized the library as an instruction room. With Mr. Kulas' aid, all incoming Sophomores were given a three-day briefing in Library Science.

The familiar "The library will be closed periods 2,4,6, and 8 today!" plagued many students who had research deadlines to meet. However, with the completed construction of the current building program, this problem will be remedied.

Through library resources, our expanded knowledge continued to grow.

Students Prepare
For The Challenging
Business World*

With confused minds and frustrated emotions, business students prepare for the challenging world.

Under the leadership of Miss Wingert, who this year resumed her position as department chairman, the Business Department worked to co-ordinate a program of more specialized business instruction. Courses related to data processing and clerical programs were planned and will be incorporated into the curriculum when the new building construction is completed.

Sales and bookkeeping classes were made more interesting because of the purchase of a new slide projector. New typewriter covers were also acquired to protect the business equipment.

Through hours of correction and repetition, future secretaries and business managers learned the importance of being responsible and organized. Kiski's Business Department—an introduction into the complexity of business life.

Compositions,
 "Now" Literature,
 Essential Grammar—
 Scholars
 Attain Skills
 In Communication

Boring classes, unnecessary assignments, old uninteresting grammar—Kiski is doing away with the old system and bringing in the new. "Short Stories", "Local Color" "Russian Lit" and "Advanced Language" were courses added to the Elective English Program, which is now in its second year.

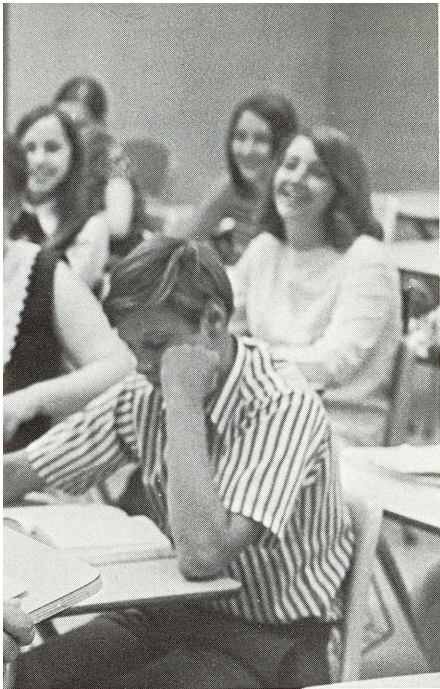

To simplify the correction of themes, Mr. Schreffler introduced the use of a "cassette" tape recorder. Each student enjoyed listening to oral comments recorded on his own personal cartridge.

Senior Academic students found their course meeting only five times a week as opposed to the six class periods of previous years. Under the leadership of Mr. Iagnemma, the department's thirteen members worked diligently to develop a stronger, more modern English program—a program for the "now" generation.

Above: Academic English students Mark Horrell and Neil McConnell write themes in the warmth of the sun.

Right: Mr. Plischke's English students break up in laughter as they act out Ibsen's An Enemy of the People.

Left: Through explanation of a humorous punctuation error, Mr. Hartley, Kiski's new senior English teacher, illustrates the finer points of grammar to his class.

Right: John Curley awaits Mr. Schreffler's signal to start his speech in Academic English class.

Above: in the band room, Becky McClellan uses her study hall to perfect her part in the symphonic band.

Kiski Area's Fine Arts Department presents a chance for talents to be discovered, developed, and utilized.

From inside the band room evolved the hard rock sound of the dance band or the "long hair" sound of the symphonic band. Our dance band was one of only four in the State chosen to perform for the PMEA Convention in Harrisburg during December. A few weeks later the jazz ensemble appeared on the Joe Negri Teen Talent Show.

Under the direction of Mr. Wolfe, students experimented with psychedelic effects. Using fluorescent paints, they highlighted their "masterpieces" with black lights. The October Open House display was great!

One of the less publicized curriculums in the school, the Fine Arts Department involves much time, much patience, and most of all much effort on the part of both student and teacher.

Music, Art, Drama—

Various Talents

For Self-satisfaction

Right: Mrs. Love's Spanish IV class directs discussions on Latin American urbanization.

Above: Experiencing a growing means of communications, Diane Brinsko attempts to understand a Spanish dialogue.

Although lack of interest forced the deletion of Russian from Kiski's Foreign Language curriculum, students were still offered an opportunity to be fluent in Spanish, French, German, and Latin. Advanced study was offered in Spanish through the development of Spanish IV classes for the first time.

For German students, the A.L.M. Method provided a marked contrast to the previously traditional method. German also became more interesting with the addition of the new book, *Warum Nicht auf Deutsch?*

In October, Spanish students performed in a program at Churchill. In the spring, German students journeyed to Buhl Planetarium to participate in the Foreign Language Festival.

These accomplishments in the Foreign Language Curriculum aided the students in learning the language and in understanding the people who speak the language. A piece of the world has come to Kiski.

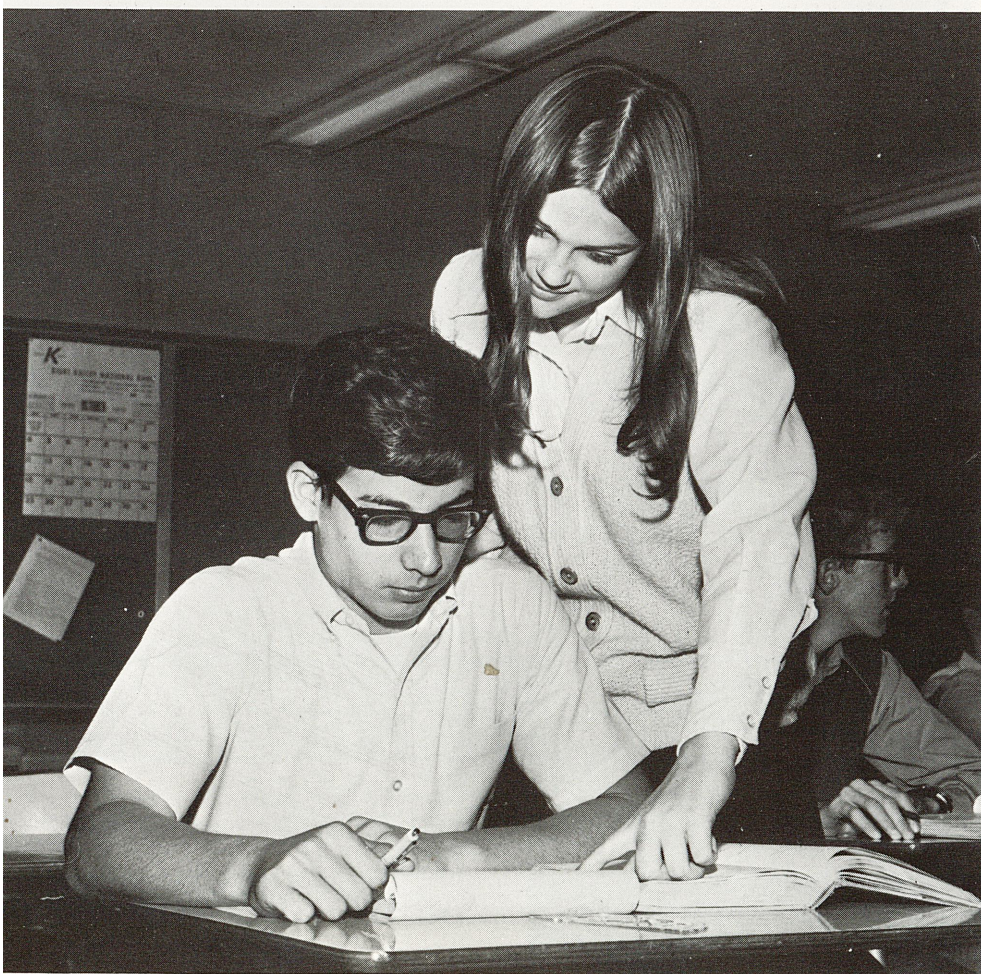

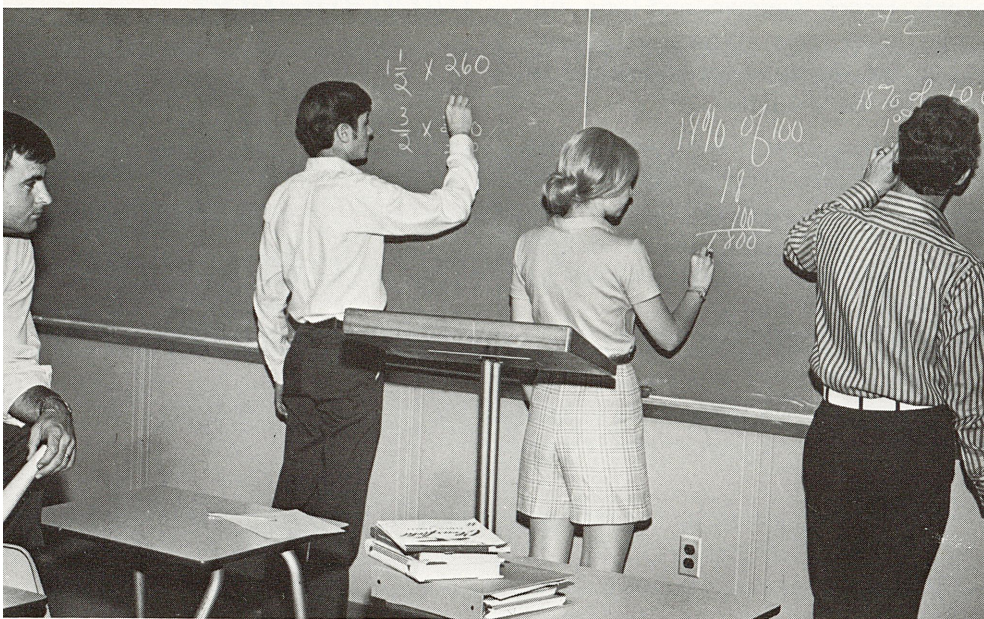

*Interpretation,

Hours of never-ending homework; equations to solve and theorems to learn: this is our mathematics department at Kiski.

Although Math Analysis proved to be the real challenge for seniors, Miss Gregory, newly appointed Department Head, stated that an even more challenging senior calculus course is being planned for the near future.

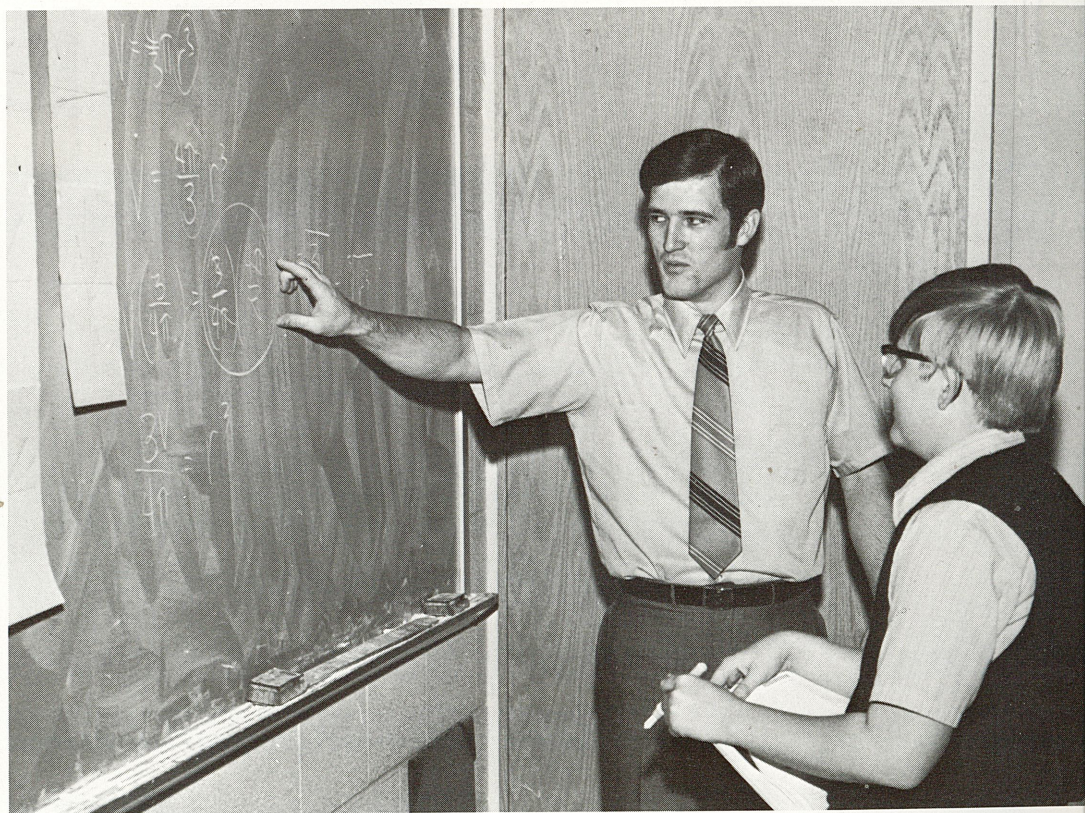

As for teaching techniques and facilities, they were the same as last year's, but that doesn't mean they were easy!

Since Kiski was faced with an insufficient number of Math teachers, many of these faculty members had to teach two or three courses a day.

Mr. Halli, a former Kiski phys. ed teacher, became a familiar face at the Math Departmental Meetings. The reason—he is a teacher of Applied Math in Room 213.

Our Math Department has a strong foundation, and future plans indicate that the department will become more challenging.

*Struggling Bodies,
Strained Muscles,
Determined Souls—
Excellence
Is Achieved*

Forty-five minutes of muscle straining cal and strenuous activities produced stiff and aching muscles. But Kiski's Physical Education Department realized that physically fit bodies yield productive minds.

Mr. Ruggeri gave up teaching health, and this year barked commands for situps, cross country, and "the circuit." Into its faculty Kiski welcomed Mr. Swanderski, a qualified adaptive gym teacher and health instructor. During the 1970-1971 school term, student teachers and girl student leaders were incorporated into the physical education program.

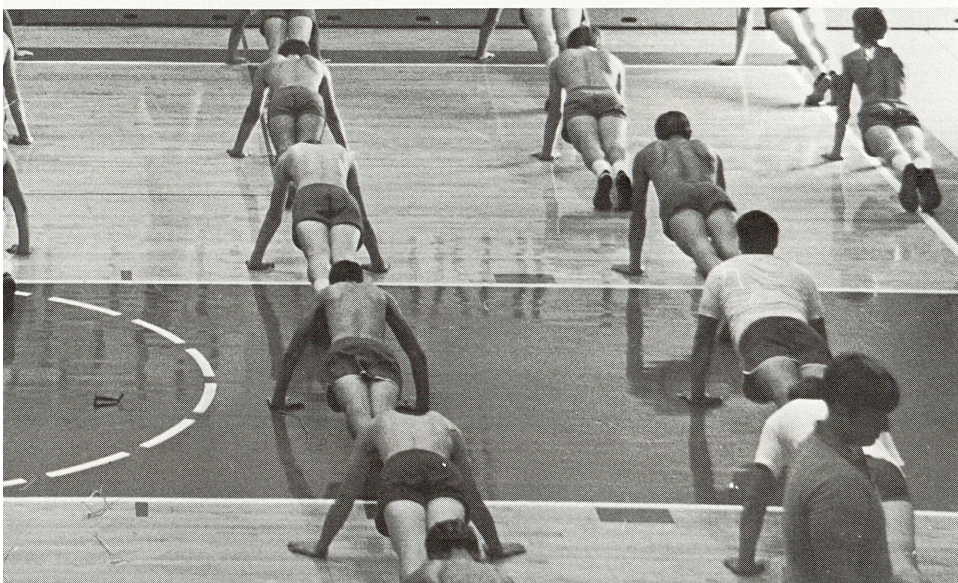

Boys were tested on the basis of the Marine Physical Fitness test, which added to the aching bones and sore bodies of the guys. Although Kiski was already recognized as a physical fitness center, we never stop improving. Next year we'll add a pool and a new gymnasium. And the sweat drips on.

Through Kiski Area's Practical Arts Department, our technical and practical skills are developed and applied.

During the 1970-71 school year, a new course, architectural drafting, was added to the department. New drafting machines were also purchased to help students produce more accurate drawings.

Miss Krasnicki, the new teacher who joined the Senior High Home Ec. Department after several years of experience at Allegheny Jr. High, worked closely with Mrs. Wilson and the Home Ec. classes to bake 3,000 cookies for Open House. Slip covers and a new couch completed the re-decoration of the living room in time for the Faculty Tea. In November, students from Home Ec. II and III combined their talents to produce a gigantic cake for the 1970 Foothills Champs.

Kiski's Practical Arts program gives students an opportunity to reveal their innermost skills and desires.

Observations,

Analysis,

Interaction—

The Field of Science

Is Ever Changing

Squeemish stomachs while dissecting, shaking hands while calculating a complicated physics problem—such are the symptoms which affect the “victims” of Kiski’s science department. We constantly search for truths, attempt to solve equations and decipher symbols, only to end with frustrating feelings and fumbling fingers. We study blackboards streaked with white, only to receive term papers streaked with red. The continuing cycle of question, experiment, deduction presents a challenge.

But Kiski’s science department is prepared to help us find the answers. This year, six new microscopes were purchased to improve the lab-oriented classes. The '70-71 school term welcomed the return of Mr. John Varine from Vietnam as he resumed his place as Chem Study teacher.

In explaining the basis of life today, our science department lays the basis for the abstractions of the future.

*Discussion,
Discovery,
Concern—
Our Scope
of the World
Is Broadened*

Through our Social Studies department we became involved in today's dilemmas and delved into those of the past. We discussed and debated the world's crucial problems and presented our solutions to them.

In November, we all got a chance to vote. Banners, posters, campaign slogans, pre-election speeches set the pace for Election Day. Student officials registered, overlooked and directed the mock election. Sophomores and Juniors used an Australian type ballot while the Seniors were confronted, for the first time, with a monstrous gray hulk called a voting machine. Pushing levers was fun once the procedure was understood!

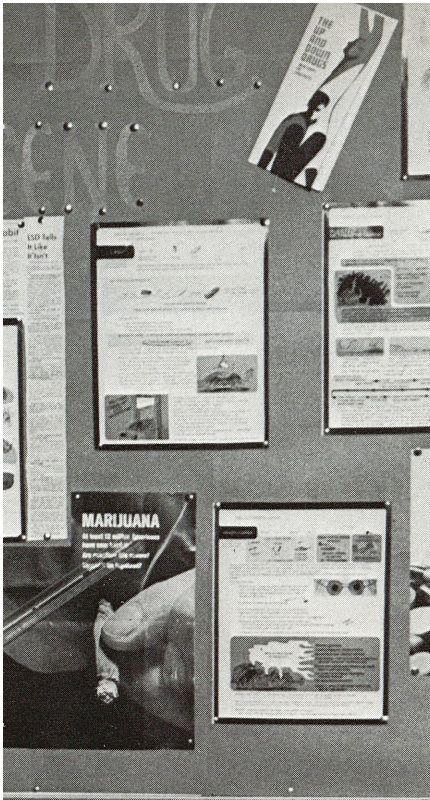

Local dignitaries, Mayor Hunger and Dr. Losasso, addressed the Social Studies Assembly honoring Veterans' Day.

Later in the year, heated debates took place in classrooms, and flags lined the driveway as we honored our country on Loyalty Day.

Involvement and cooperation, this is our Social Studies Department. It is constantly changing to keep up with the world of today.

Student Council members listen attentively as President John Calizzi reads suggestions made by the student body.

Student Council

Aides The Needy

Although our meetings are sometimes long and boring, we get things done. All the student body's gripes and suggestions are heard and discussed with the members and Mr. Miller.

A five cent boost in the price of ice cream was one of the first signs of an economic revolution at Kiski Area. All this profit contributed to the scholarship fund and also paid for our drug seminar speakers.

Before Christmas we sponsored a goodwill drive for a needy girl having cancer. A roll of shelf paper was strewn down the sidewalk of Vandergrift from Speer's to Kocur's. Sympathetic, spirited shoppers taped over fifty dollars of contributions on to the paper.

Through our projects and our actions we contributed to the betterment of Kiski.

Tri-Hi-Y Participates In Model Legislature

We worked together and aimed to serve the school, the community, and the state. Through service projects, the combined efforts of Sophomore, Junior, and Senior girls made this year unique. Distribution of canned goods marked the end of a successful Thanksgiving Drive. We were really pumped when Mr. Cochran asked us to bank lunar material at the Welcome Day we hosted for all district Tri-Hi-Y's.

Each had us planning our bills for the Model Legislature way back in December. All the girls worked hard on those, for we longed to spend three days in Harrisburg way from most authority.

Tri-Hi-Y Supports

Children's Hospital

We worked great together and we worked great alone. As sophomores we collected \$111 to present to Children's Hospital which amounted to begging only 12 cents per person. That was quite an accomplishment. We Juniors were the main force behind the can drive while the Seniors sponsored caroling at the high-rise in town—but only with a little help from our "friends" (Our fellow TRI-HI-Y members). We got a lot done through our efforts and had such good times doing it. Whether it was sponsoring our dances or running girls for office during the political convention for our district in Pittsburgh, *We Were Successful!*

FBLA Produces State Officer

Kiski's FBLA strove to develop competent and aggressive business leaders.

Under the direction of the FBLA, Kiski Area students contributed approximately 25,000 Betty Crocker coupons to purchase a kidney machine for a needy patient. Members combined their leadership qualities with their homemaking ability and made new typewriter covers. As usual, the annual Christmas candle sale was an enormous money-making success.

Conferences and conventions also played an important part in the development of the FBLA. Last June Miss Martin, Joyce Morrison, and Mindy Ridenour attended the National FBLA Convention in Philadelphia for the first time. Kiski Area also received additional honors when Joyce Morrison was elected State Secretary.

Through an active membership in the FBLA, dedicated business students strengthened their confidence in themselves and in their work.

F H A Re-decorates Home Ec Suite

After several years of pounding the streets, selling recipes cards, stationary, fruit cakes, and other sundry items, the F.H.A. finally realized its goal—a newly decorated Home Ec Suite! Grain printed wall paper—real-like that even our faculty thought it was paneling—was pasted on the wall. We purchased a new couch and then badgered our study hall teachers to excuse us so we could reupholster all furniture in the suite.

In December, we assisted the N.H.S. in initiating the Big K Coffeehouse. Cinnamon toast and hot chocolate are sure a groovy way to begin the day!

A representative from Citizens General Hospital discusses the challenges of a nursing career with interested Health Career Members.

Volunteers Serve As Candy Stripers

People meant a lot to our club. Health Careers aided us not only in meeting people, but learning about the people we met. Our activities gave way to this "understanding."

Mrs. Wiles, co-ordinator of the Volunteer Services at Citizens General Hospital, spoke to us about the Candy Striper and Hospital Teen Programs. Eighteen club members including boys and girls participated in these programs.

We also collected cancelled stamps, old nylons, and used clothing, which were sent to St. Vincent Seminary and mailed to various missions overseas.

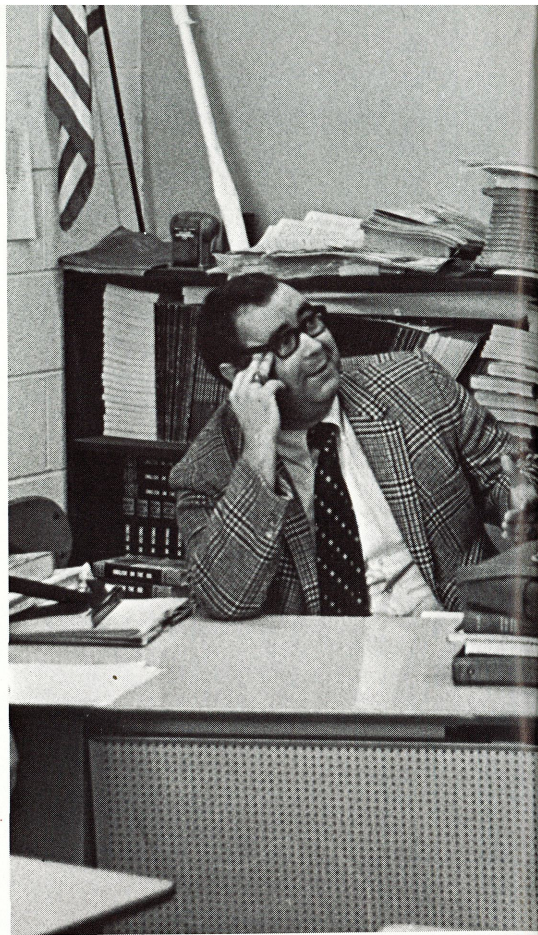

Our club experiences have made us realize that a health career is within the grasp of any interested person.

After much searching, Pam Levandoski and Mary Lou Pendlyshok finally convince Mr. Hartley to become advisor for F.T.A.

Possible Futures Created Through F.T.A.

Future teachers—a likely and probable career for us. We joined the club because of our interests in the young of the community.

It was hard to get our group organized, but finally a willing and able Mr. Hartley was conned into becoming the advisor. Officers were elected in December. Our club had officially begun!

Honorary Membership In MAΘ Bestowed On Math Club

We began with six interested persons, but after a few meetings our membership increased to sixteen. We delved into math problems not reached in the classrooms. Every member was responsible for relating his knowledge of a certain aspect of math to the club.

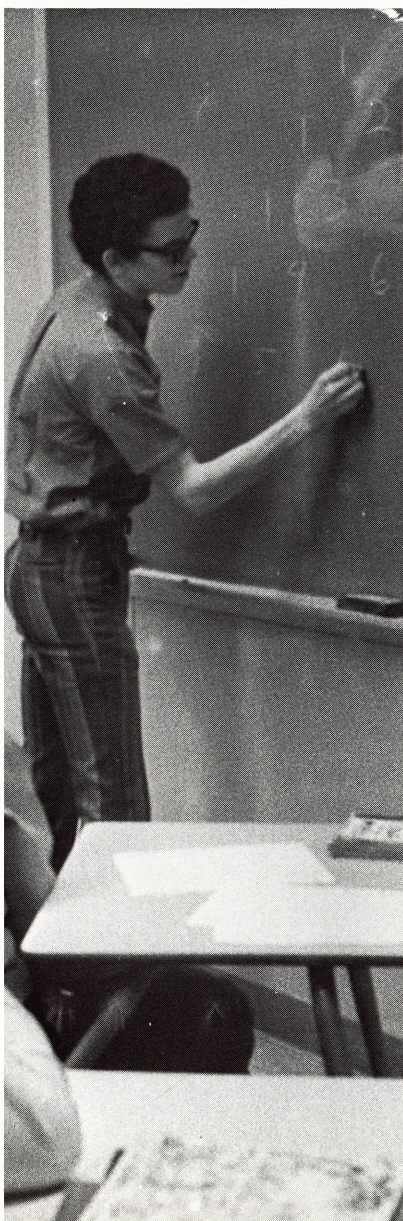

We were really excited when we became honorary members of the National Math Fraternity, Mu Alpha Theta (MAΘ). Though our discussions weren't always math oriented, we always left 404 having broadened our views.

Science Club Is Accepted Into P.J.A.S.

Changing the name of our club from the Mystery Club to the Science Club made possible for all students taking any science course to join.

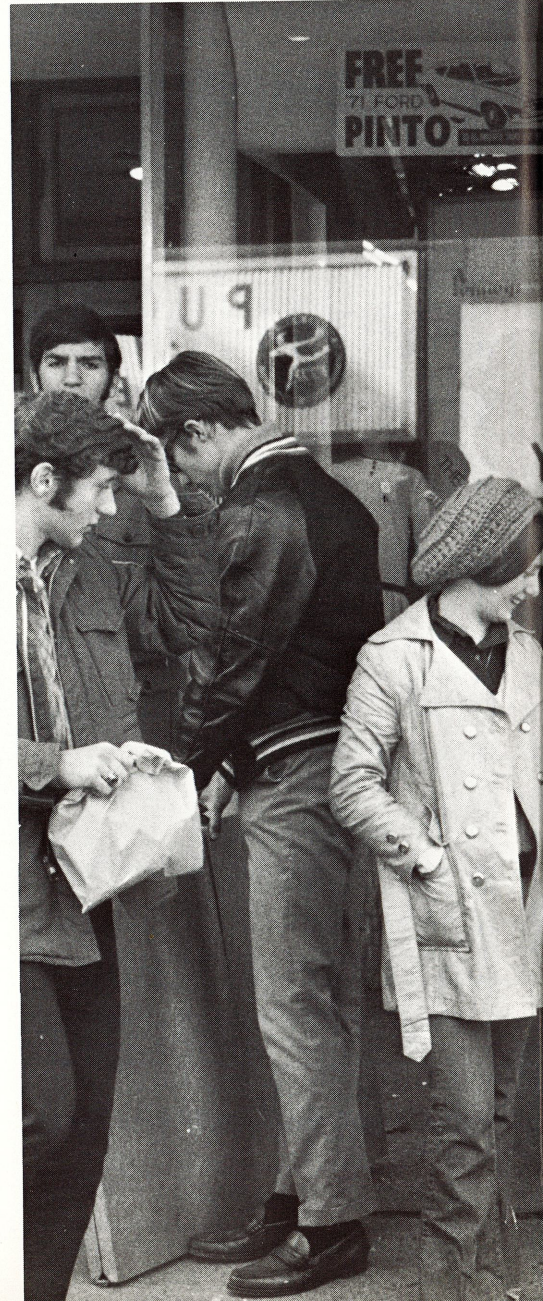

When our new club was accepted in the state section of the Pennsylvania Junior Academy of Science, we knew our meetings would be busy ones. Films and speakers from Indiana University helped to explain complex principles of science. Experiments became regular parts of our meetings.

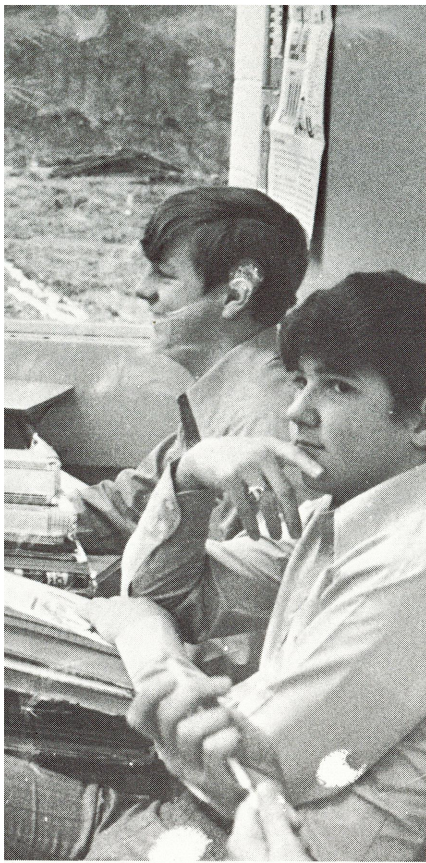

In the Spring, a field trip to Indiana University proved to be a rewarding scientific experience. Throughout the trip, films, experiments, and speakers made us realize that science is more than test tubes and Bunsen burners.

Purchase Telescope

Aided by Mr. Yajko, Kiski's amateur astronomers witnessed the feats of the sky many nights after school from 8:00 to 10:00 P.M. Peering into a telescope, members viewed zodiac signs, meteors, and visible constellations.

Throughout the year, the Astronomy Club worked hard at their bakesales. With the money raised, the club purchased a new four-inch reflector telescope.

Then, in late spring, the year's activities culminated with an intriguing trip to Buhl Planetarium and Allegheny Observatory.

Political Science

Helps Erect Memorial

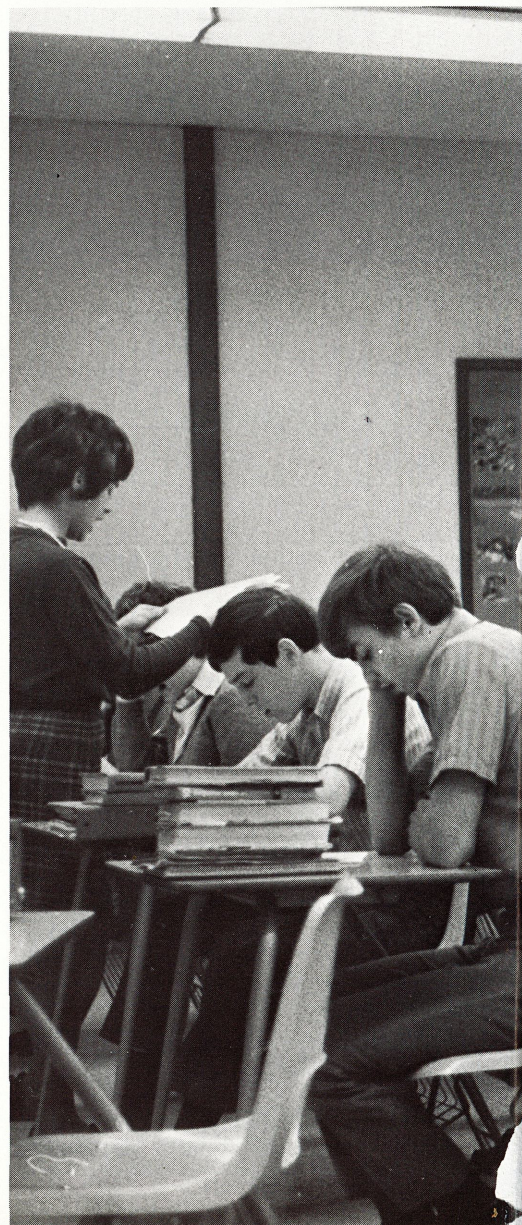

Under the watchful eyes of Mrs. Crossan and Mr. Curran, the Political Science Club attempted to understand world affairs and current events. A National Guard member and other prominent speakers who attended Tuesday meetings challenged club members to think critically.

The club's main objective was to raise funds for a stone memorial in honor of Kissel alumni who gave their lives for their country. Senior members hoped they could see this monument erected in the circle before graduation.

Christmas Is Caroling Time For German Club

... developing an understanding of German culture, learning the language through practical experiences, and having fun!" That's how Mrs. Ceraso described this year's German Club. Although the club had a late beginning, it lived up to Mrs. Ceraso's description.

During the Holiday season, club members went caroling. Mixed with the strains of German carols were the sounds of a trumpet and sax played by two club members. Later in the winter, a "Winter Frolic" described as a "picnic in the snow" was planned.

The highlight of the year came when Mr. Daniels excused all German Club members to attend the annual Foreign Language Festival at Buhl Planetarium.

French Tradition Recreated In 302

The French Club members became quite puzzled when Denise read our minutes in French, but aided by Madame Baun's translations, we understood their contents.

We celebrated the Feast of St. Catherine, an annual tradition in France. Although unable to re-create an elaborate street festival, we did conduct one phase of the celebration by decorating and wearing hats adorned with fruit and flowers.

Alumni, Robert Maradei and Denise Landola, spoke to club members on the legal requirements of being a French major.

Keeping with the Christmas season, we decorated Mrs. Baun's room with "Joyeux Noel" greetings and caroled faculty of the Undergrift area. To remind us of all our work, our club historian kept a scrapbook of the year's activities.

Piñatas Reveal Spanish Customs

Although we didn't get organized until December and although we met only once a month, we learned much about the Spanish culture. In December, we read the Christmas Story according to St. Luke in "Español" and then sang Spanish Christmas carols.

In February, Ron Julian, who spent the summer of 1969 in Peru, familiarized the club members with Peruvian customs.

Through the steadfast patience of Mrs. Pugliese, our new advisor, our four meetings were unusually beneficial.

Clubs Gain

Practical Experience

Under the direction of Mr. DeSantis and Mr. Tarosky, the stage crew partially designed the sets for all dramatic productions. Most of January was spent building doors, steps, and other items for *Wait Until Dark*.

Under the able leadership of Mr. Duckworth, the Audio-Visual Club planned to expand the public address system in the auditorium. Each day these six boys wheeled movie projectors, overhead projectors, and other visual equipment from room to room.

Through these clubs, students gained a broader understanding of the electronic world.

Camera-Equipped Rockets View Kiski

Sometimes our dreams went up in smoke, but our successful launches out-numbered the bad ones. At first our camera-equipped rockets fell back to earth, devoid of the aerial views of Kiski Area we had hoped for. But that was corrected with better film.

As experts in aeronautics, we peddled cookies to pay for a coveted liquid fuel rocket and FM telemetry device. Finally, we wrapped up our "shooting for the stars" with a number of Loyalty Day launches viewed by Kiski students.

Novice Taxidermists Stuff Red Fox

From its advent, the taxidermy club learned a strange profession—and had fun doing it. They stuffed tons of animals. Although many of these animals were trapped by club members, the prize project was a special red fox donated by Indiana University.

The "Stuff Job" began by first preserving specimens with borax. Next, corn meal was applied as an absorbant and ordinary lab cotton was used as stuffing. Throughout this process, an unbearable odor prevailed, but ambitious members continued working.

Finally, the professional looking animals were displayed outside 206 and the amateur taxidermists were as proud as Mr. Vidrik!

Afro-American Club Entertains Pre-Schoolers

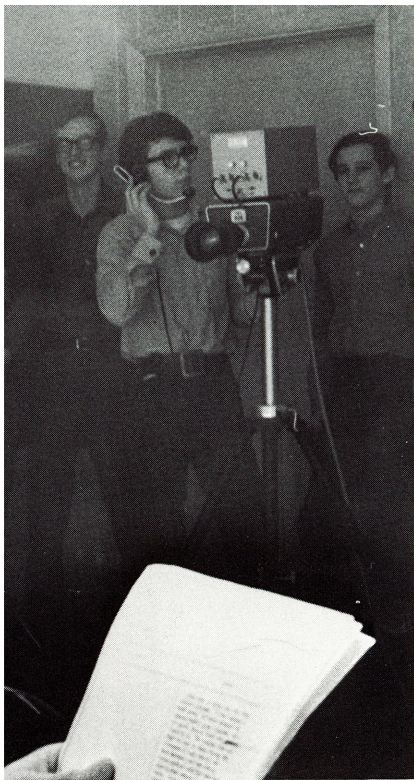

My meeting of the Afro-American Club presented a challenge to us. We sometimes debated on the black and white issue in America, but usually we had to make plans for the coming events. Mrs. Emily King, a Black social worker, suggested that we invite twenty-four pre-schoolers from the Vandergrift Day Care Center to see Kiski's Christmas Assembly. Excited about the idea, we took them to the assembly and afterwards gave them cookies and milk as a present from Santa Claus.

Plans kept coming. Through funds raised from bake sales and dances, twenty-four Black students from the Big K were awarded scholarships.

With both black and white guest speakers, activities, and the debates, the purpose of our club—to create an understanding between the races—came closer to reality.

T.V. Club Creates New Thing—"Kiski Today"

Each morning at 7 A.M., the world of Kiski was brought to the community through the mass media. "Life at Kiski", born on December 21, 1970, was televised on Cable TV, Channel 12. Kiski was proud to be the only school in the area to provide such a service. The programs dealt with general school news, after school activities, and sports.

Under the energetic leadership of Mr. Duckworth, the TV Staff molded this bar-rag of excitement into an enjoyable 15 minute program. Club members were required to write scripts and to film production. Through the hard work and effort of the TV Staff, Kiski was able to share her world with others.

Key Club Vends Peanuts For Cerebral Palsy

The Key Club is an out growth of the Kiwanis. We peddled peanuts in front of Penny's and were really proud to present over \$300.00 to the Cerebral Palsy Home in Spring Church.

Everything the group did was in conjunction with the local Kiwanis, who even had a luncheon for us. They were certainly surprised when all 13 of us showed up.

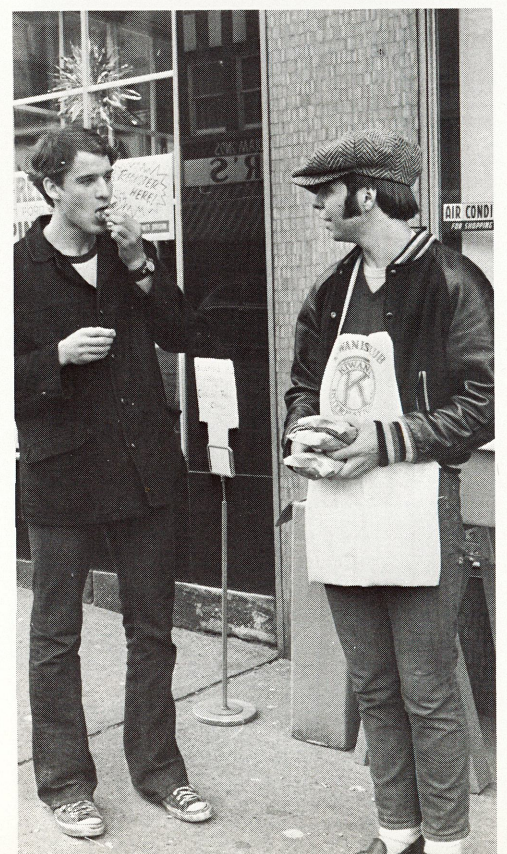

The club's main project this year was to raise money through bake sales and dances for one event—to send the officers to the Poconos for the annual Kiwanis convention.

Leo Club Becomes Charity Workers

Charity drives—funds—money! The Leo Club was always looking for new and different ways to raise money for charitable projects. Early in December they “Rang the Bell” for the Salvation Army drive in Vandergrift. Later in December they attended a party for the Cerebral Palsy Association.

Louis DeLibro, Leo Club President at Kiski, was honored by being elected to the position of the first District Governor of District 14-E of the Leo Clubs. Plans were adopted to hold a District Convention at Kiski in the early Spring, at which the first Deputy District Governor was elected.

Under their new sponsor, Mr. Coffman, the club raised a great deal of money for charity. This is just one of the many clubs at Kiski that builds character through concern for others.

Varsity Club Reports All Football Action

The Varsity Club is a unique group of outstanding athletes. To become a member of this select group, a student had to letter in at least one varsity sport. Later, he earned his varsity jacket by selling ads for the football yearbook or selling refreshments at all athletic functions.

To help the financial standings of the club, a second football yearbook was published. This edition contained a summary of all team events and games.

The future dream of the Varsity Club is to expand their yearbook to include all Kiski sports.

"Newhouse's Powerhouse", otherwise known as the K. A. Pep Club, is one of Kiski's most active and enthusiastic organizations.

The Pep Club plastered the halls with "We Believe" signs, sponsored door decorating contests, and trimmed the football team's lockers at Davis field. They also assembled and sold attractive mums for Homecoming. It was projects such as these that enabled the pep squad to provide Kiski students with an opportunity to purchase game tickets at a lower price.

As a vital part of every game and pep assembly, the Pep Club's excited cheering and blue and gold card section helped boost student spirit and build team morale.

Marching Band Is Number One!

A brassy fanfare—a quiet, subdued trio and a powerful “soundpower” finale. The Cavalier Band is hard at work. Cracked reeds—raw lips—sore, aching feet—frozen fingers and toes— but, the show must go on. Being “No. 1” ties together the work, the effort, the spirit, the pride, and the concern of all the band members. A band is not a 160 piece organization. It is a single working unit striving to be tops, the greatest, No. 1.

Mr. Barry Laurinavich, our new band director, helped us capture two more titles—Western Pennsylvania Champs, Pennsylvania State Champs—best in this part of the country.

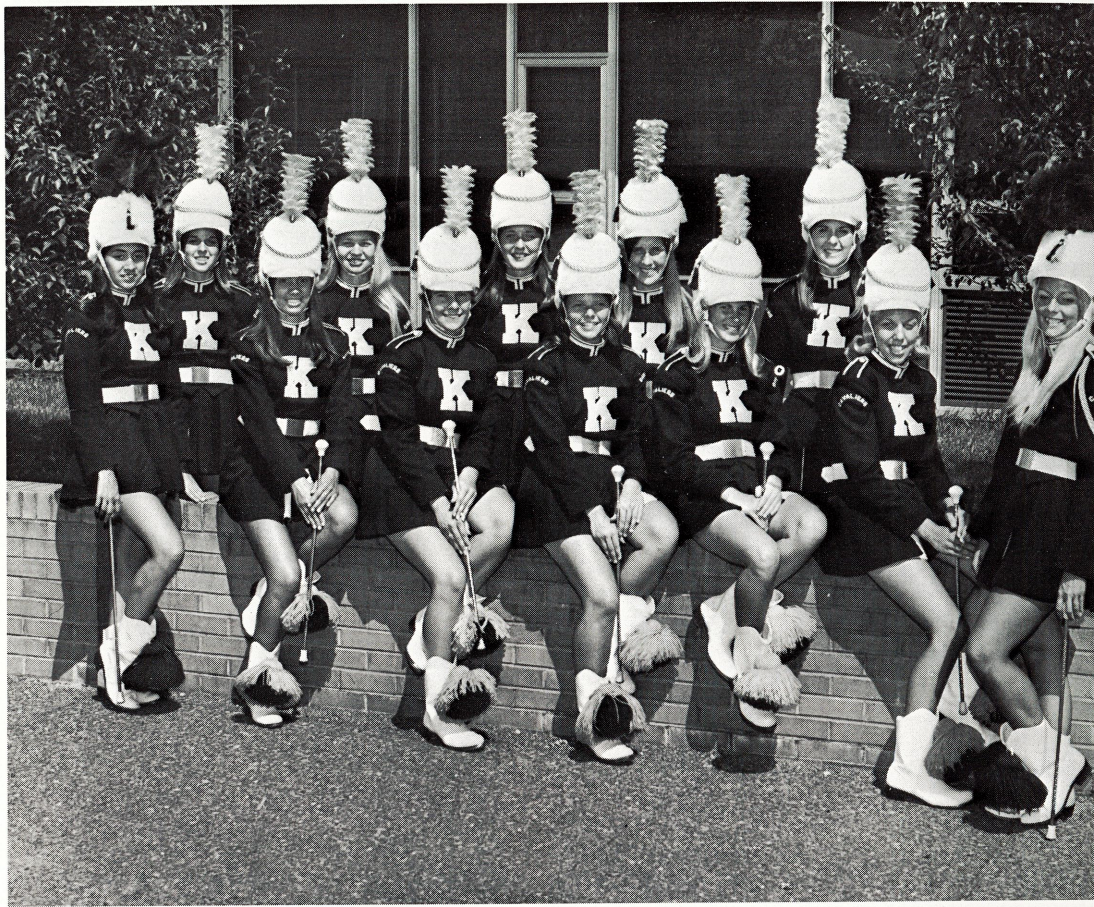

The Cavalier Band made several outstanding nationwide televised appearances this year. First, they helped to bury the time capsule honoring KDKA’s 50th Broadcasting Anniversary. Later, during our first appearance at Three Rivers Stadium, the majorettes and color guard added excitement to our half-time performance at the nationally televised Pittsburgh Steelers—Cincinnati Bengals football game. We really wowed them!

Our marching band has built a reputation—a reputation that belongs to the *No. 1 Band* in the state!

Midst the splendor and excitement of the W.P.I.A.L. "AA" Championship game, the Cavalier Marching Band marches proudly across the turf of Three Rivers.

nance Band "A", under the new direction Mr. Alex Costanza, brought high honor and respect to themselves and their school. On December 4th and 5th they traveled to Harrisburg, where, in stiff competition, they captured the position and earned the recognition of being the best Dance Band in the State.

They attended the Mid-East Competition in Harrisburg and appeared on the Joe Negri High School Talent Show.

Chorus Exploits Hidden Talents

Hours of endless practice, day in and day out. This is the routine of the Concert Choir and Mixed Chorus. From the beginning of school until May 30, the two choirs worked toward their goals.

In December we performed "The Favorite Sounds of Christmas" as an evening concert for the public and then repeated it for the student body Christmas Assembly. We even made Christmas "goodies" for all the youngsters in the audience.

January fourth marked a new beginning. Long enduring practices were begun for the Annual Spring Concert. But, it was worth it when our records came in and we heard hearty sounds of applause.

In May, eighty of us were picked according to our talent and merit to participate in the Carnegie Awards Festival. We did our best.

Later that month we again combined our efforts and performed for our seniors at their Baccalaureate.

Chorus is a lot of work. But, it is worth it to hear the applause and to receive a standing ovation.

Choral Groups Perform For Public

music of today and yesterday—this is the sound of Kiski's choral groups.

The most contemporary group is the Jazz Ensemble. Directed by Mr. McClelland, the group re-created the sounds of Big Band and the Carpenters. A trip to Duquesne University in February highlighted the year. The purpose—to give a two-hour concert to music classes.

Working primarily with classical music, the Chamber Ensemble performs for the Vanderburgh V.F.W., the Daughters of Italy, and the Glee Club.

The sounds of the past—the 58 members of the Glee Club made them come alive. Four weeks before the Carnegie Arts Festival, the music arrived. Hours were spent striving for perfection. We did our best.

"Wait Until Dark"

Enlivens January Slump

With the fortunate addition of Mr. Schrefler, the Kiski Players gained not only an expert technical director, but also an excellent executive advisor. His creative skills in set design and lighting complimented the expert talents of the club advisor Miss Wichrowski.

Financed by the sale of "suicides", a secret mixture of soft drinks, the Kiski Players presented Frederick Knott's "Wait Until Dark". Patti Palermo convincingly portrayed the blind Suzy Hendrix, while Bob Reusch displayed his mastery of three separate roles.

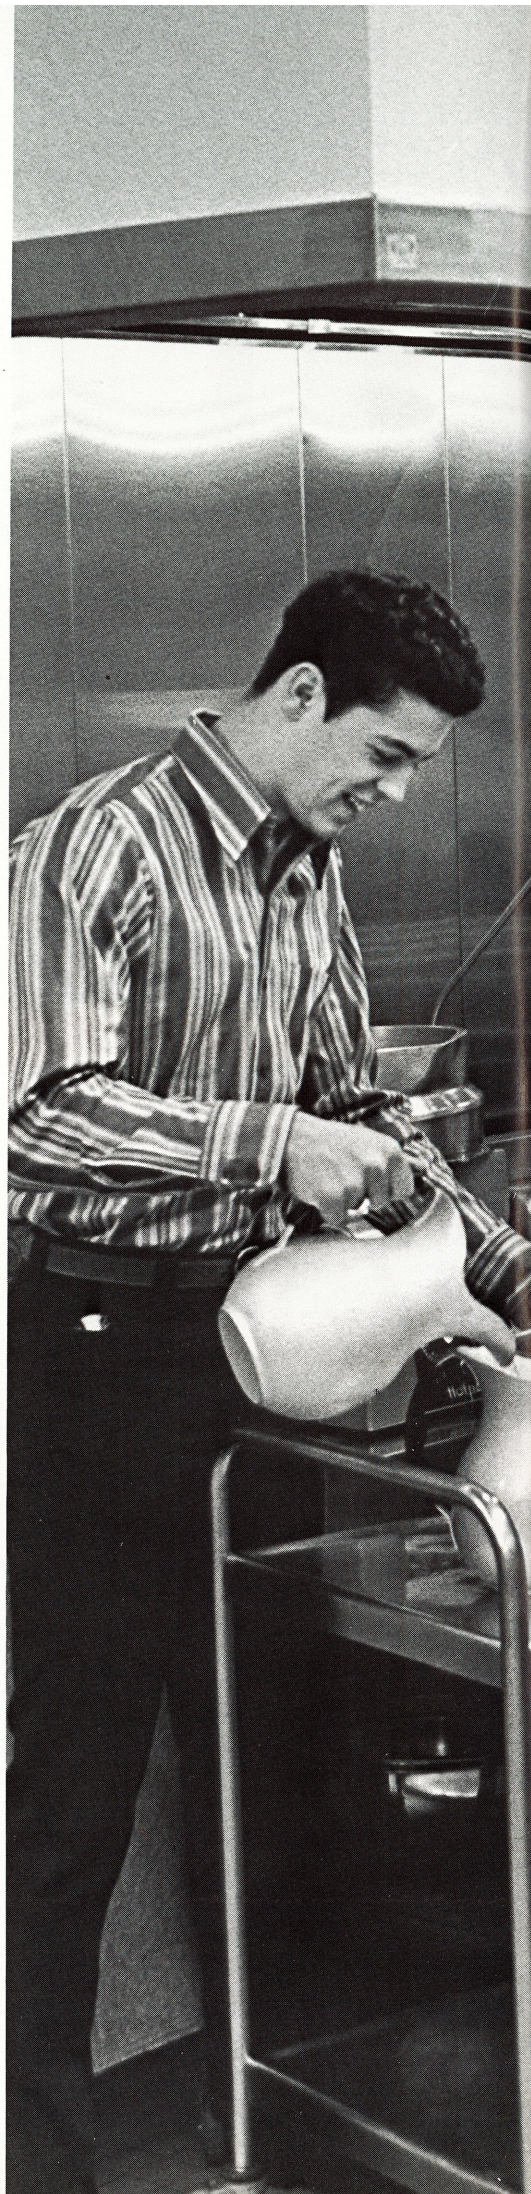

The epitome of honor for certain Kiski Players was to attain the rank of Thespian by acquiring the specific number of points. The Kiski dramatists who obtained this honor were inducted in a formal candlelight ceremony in May.

Through active membership in the Kiski Players, amateur actors became masters of the theater.

NHS Initiates

Big K Coffeehouse

The club was small consisting of only 24 Seniors until February 23, when 37 new junior and 12 new senior members were inducted. The members were thrilled but slightly worried about how to react to this honored accomplishment.

There were plans for the annual Christmas Dance, but after two weeks of selling tickets only 11 couples had planned to come . . . the dance was cancelled!

The club was in desperate need of money. The Big K Coffee House was the ultimate solution. Once a week the club members miraculously arrived at the school by 7:00 a.m. and set up the production line for the selling of coffee, tea, hot chocolate, orange juice, and the FHA's "raised glazed doughnuts."

Through this effort money was raised to award two \$100 scholarships at the end of the year to two worthy seniors.

Scanning the records for 3.2 averages, Mr. Williamson and Mrs. Clugston evaluate all prospective nominees for the February 23 National Honor Society Induction.

Creative Magazine

Produced By Writers

The purpose and ultimate goal of Creative Writers is to produce Kiski's literary publication *Odes and Ends*. Gathering sufficient material proved an almost impossible task because many "creative" students hesitated—or perhaps forgot—to submit their personal masterpieces" by the March 1 deadline.

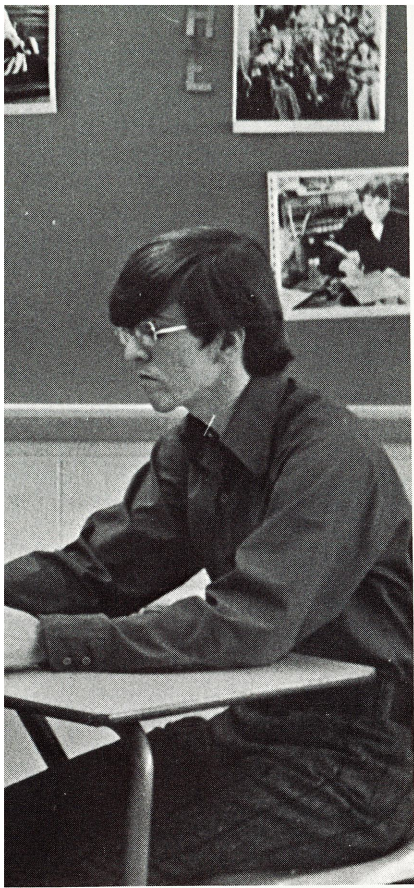

Editing and re-reading, determining whether spelling and punctuation are correct, being sure there is no plagiarism, fitting the right poem in the right space—these were the tasks that filled our meetings, our after school hours, and our Saturdays.

Finally the finished product was printed. We were proud to present an example of Kiski at its creative best.

New Club Trains

Future Secretaries

Under the direction of Mrs. Espy, last year's Typing Club took on a new name and a new purpose and became the Secretarial Club. This organization was designed to prepare girls for the modern secretarial world. Meetings were conducted as classes, and members were taught the "tricks of the trade."

Emphasis was placed on Business English, as future secretaries learned what to expect at interviews and how to write proper business letters and resumé's. Several Kiski Area alumni returned to speak to members on the attributes of a successful secretary.

Although this was only the first year for the Secretarial Club, this new organization was off to an interesting and productive beginning.

Bigger Issues . . . Greater Success . . .

Bigger and better" was the *Kiskizette's* slogan this year. We had always had trouble fitting outlines, but that was old hat. And there was nothing new about begging the valley business men for ads. We struggled, worked, wrote, and ate newspaper, but we produced the best *Kiskizette* ever!

We enlarged the paper to eight and twelve page issues and livened the editorial page with Cupec's cartoons. We peddled those movie posters and auctioned off the original psychedelic posters received from the poster contest. Still we trudged on. Mr. Lischke even had us peddling circulations at the games.!

In the end it all paid off. We sold more papers than ever before and we had a lot of fun doing it.

Winning Season Ends At Three Rivers

"We Believe!" From Davis Field to Three Rivers Stadium, the Cavalier football team conquered the teams of the Foothills Conference. The team earned the title of the "Foothills Champs" for the second consecutive year.

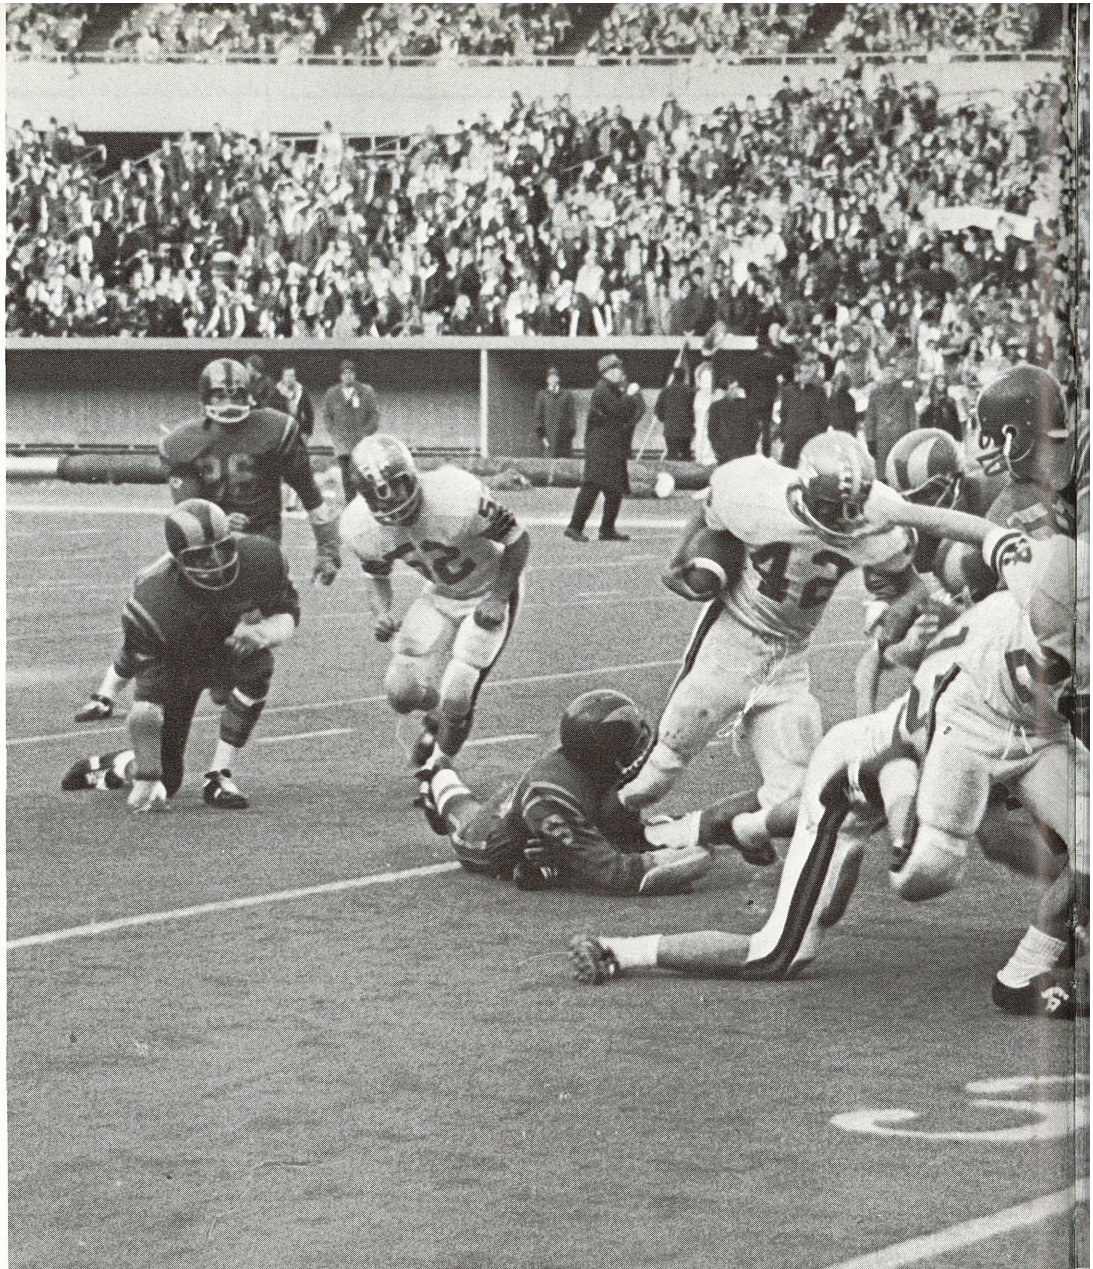

The Cavaliers struck home when their first game against Greensburg-Salem, a Kiski rival, finished with Kiski on top. Kiski is No. 1.

Every game after their first win was a decisive battle for the W.P.I.A.L. Class AA championship title. The closest opponent Kiski faced was Derry Area. Kiski showed their strength and determination and came out victors as Derry was defeated 20—13. Kiski is No. 1!

Hempfield appeared strong, but Kiski held the ground and blasted Hempfield. Kiski, still No. 1!

Cavaliers Stomp

Rival Highlands

Wilkenburg, the human cannibals, put Kiski to the test. The Wilkenburg "manglers" carved their initials in some of the Kiski patriots. But Kiski is still No. 1!

Highlands, the team that ruined our chance at the W.P.I.A.L. title last year, was next on the agenda. Will we end the season 10—0 and be in the playoffs, or will we end up 9—1 and admit defeat to Highlands once again? The Cavaliers pounced and pounced hard. Kiski tromped Highlands into the mud of Davis Field and worthily earned a shot at the W.P.I.A.L. title. Kiski IS No. 1! Three Rivers, here we come!

A beautiful day, great playing conditions, but a tremendous Mt. Lebanon line. The Cavaliers fought with all their might, but to no avail. The tides were turned against them and Mt. Lebanon walked away with the title. Kiski had finally met its match; but, Kiski—IS—still No. 1! "We Believe!"

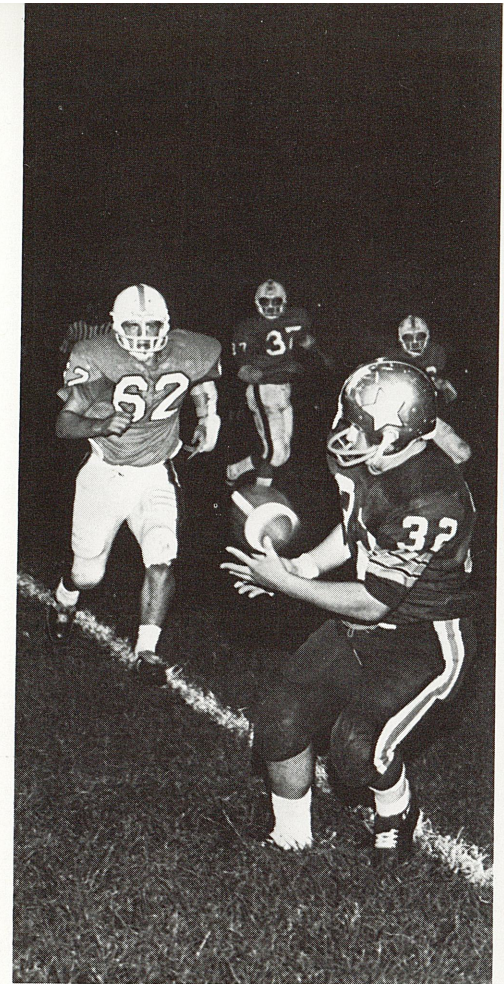

Before going in against the Highlands' defense, Larry Wilson listens to Mr. Morea's offensive strategy.

Cross Country Has

Another Winning Year

Our chests heaved and our lungs felt like they would burst, but we surged on to a 9—10—2 record. We stumbled over the finish line as the sweet touch of victory engulfed us . . . or we crushed our bodies against the ground under a heavy defeat.

Those two agonizing weeks of summer camp, killing ourselves in 99° sun, and running millions of "Breeze's" sprints, rabbits and mile jogs led to our best. It all paid off when we finally beat Hempfield for the first time! - 15—40, a perfect score!

We had no star runners but lots of depth sparked by all returning lettermen and one junior. We ran despite our exhaustion and pain. Still we pushed on and won pride for our school with a winning season.

Before competing in the Tri-State Coaches Meet, the cross country team listens to a few tips from Coach Creigh.

Yakulis Sparks Golf Team

The 1970-71 Golf season posed many problems for the Kiski Golf team. Hindered by a lack of returning lettermen and by the tragic death of Fred Ballantine, the swings finished the year with an overall record of 7 wins and 5 losses and a section record of 5 and 5.

Since the Vandergrift Golf Course was a mutual practice field for both our team and Burrell's team, there was a natural rivalry. Unfortunately, Burrell came out on top! Our two new opponents, Ford City and Stanning, were not so lucky. They lost 3 out of their 4 matches against us.

The only participating senior and returning letterman, Bob Yakulis, became the second Kiski golfer to ever qualify for the W.P.I.A.L. Championship. Better yet, he is the only one from Kiski to ever qualify for the finals.

With their experience, the Kiski golfers are hoping to clinch next year's W.P.I.A.L. Championship.

Nicholas Breaks

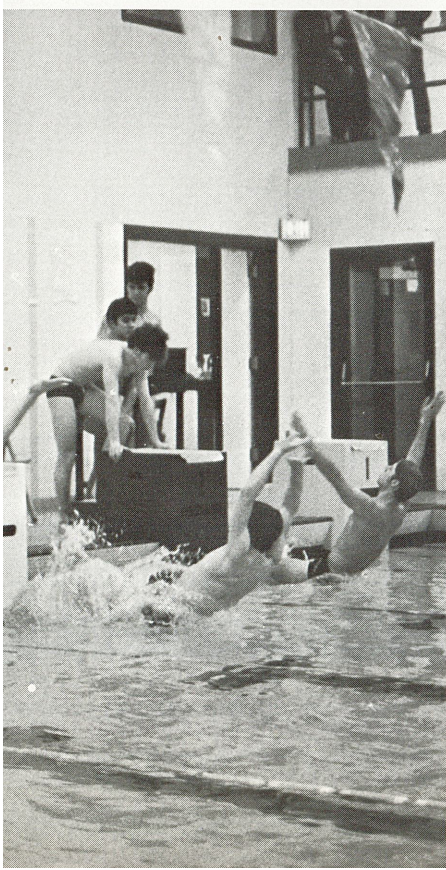

Old Records

Even though the swimming team finished in fourth place in their section, the season wasn't totally uneventful.

At the clash with Valley, George Nicholas broke the 160 yard individual medley record by astounding 1:36 seconds. The team went on to drown their rival Burrell, with a score of 53—41.

Climaxing the season, four swimmers placed in the Westmoreland County meet. Tim LaPlace captured third place in the diving competition, Dave Felix snatched second in the 500 yard free style, and the medley team, Mark Mazak, Kevin Hartford, George Nicholas, and Sam Henderson took a third.

Although they didn't place in the finals, the 400 yard free style team cracked the school record by a margin of two seconds. They didn't have a fantastic record but they were a team of great merit.

Sharpshooters Aim For 100—10X

Attention Rifle Team members! Check the list outside 206 for the names of those shooting in tonight's match."

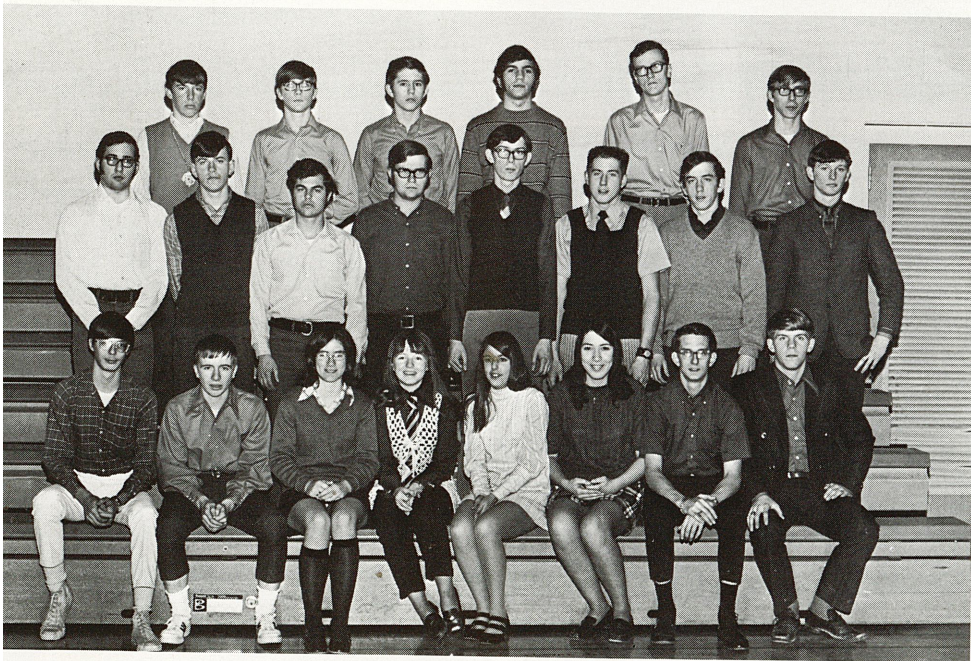

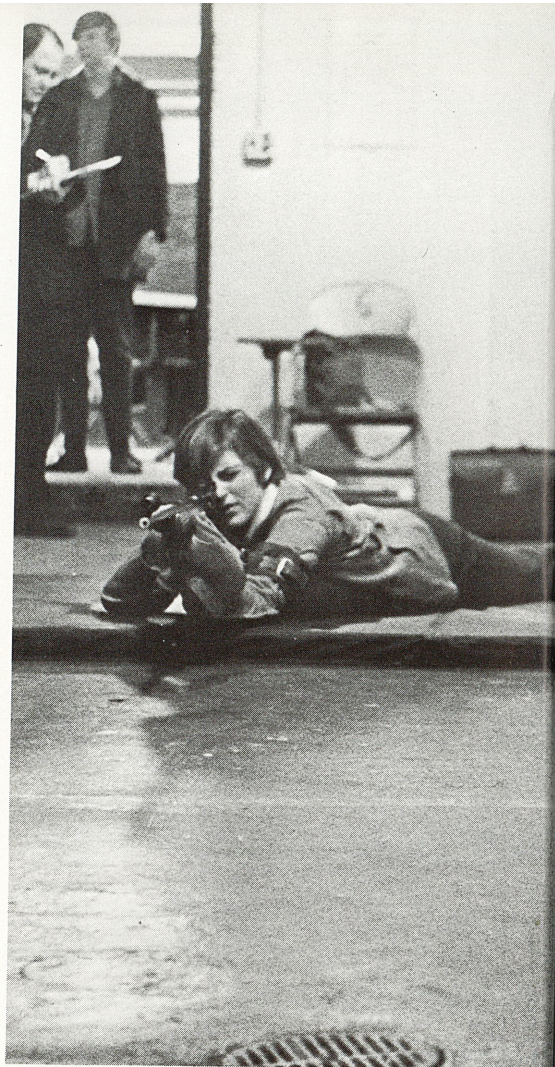

Within a season's time, Mr. Coffman, their devoted coach, strived to transform inexperienced marksmen into skilled sharpshooters.

Because Kiski was not equipped with a rifle range, the team was forced to hold their practices at Washington Township Junior High. They practiced diligently at 6:30 every Tuesday and Thursday evening and even worked at improving their skill on Saturday afternoons.

Their "impossible dream" was to shoot a 100—10x", but only Tri-Captains Gary Bowser, John Rainelli and Mark Wetovich, and a few select team members came close to achieving this goal.

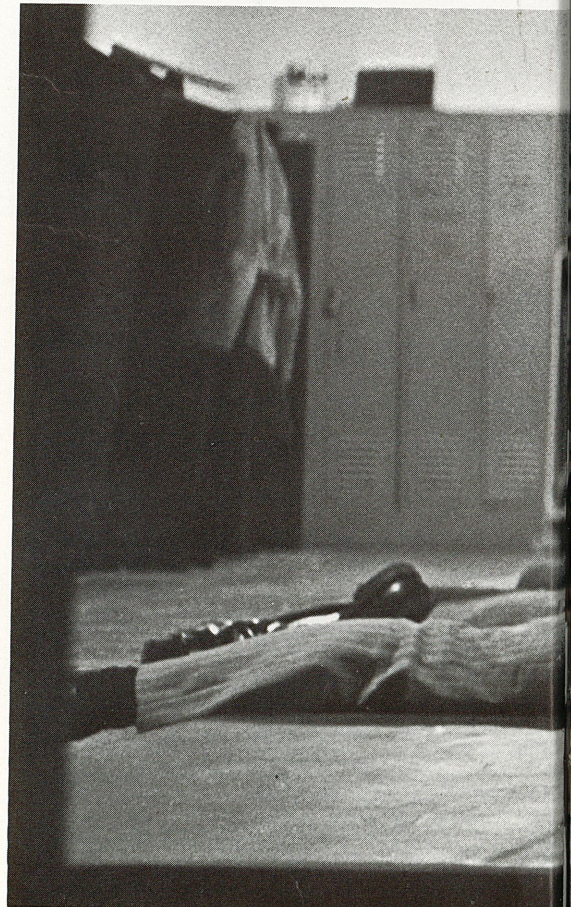

Though the team was not as successful as past years, the 1970-71 Rifle Team still managed to zero in on their share of the matches.

Five Gymnastics Make WPIAL Qualifiers

Although it was a constant hassle having after school and Saturday workouts in the gym, the Gymnastics team perfected their individual routines midst a flourish of wrestlers and basketballs.

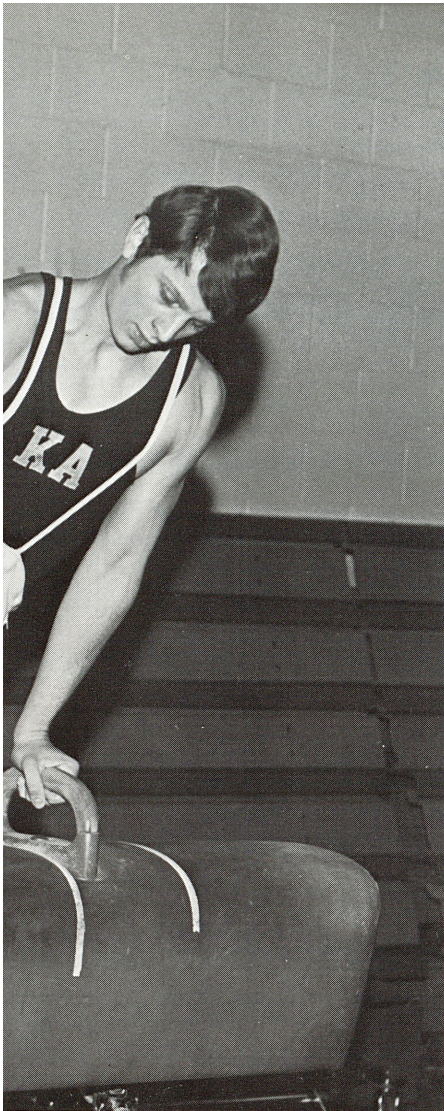

With the aid of the overhead belt, a new technique, the vaulters were able to fly through the air like Peter Pan.

Inspired by their qualified team captains, Rich Booker and Tom Loftus, the team crushed its main rival Springdale, 103.24—89.80.

To end a successful season right, five members placed in the WPIAL Gymnastics Qualifiers. Capturing honors were Tom Loftus—first on parallel bars, Rich Booker—first on long horse vault, and fifth on floor exercise, Larry Kaminski—fifth on sidehorse, Jack McIntire—fifth on parallel bars, and Keith Koyste—fifth on high bar. This year's team gave their best!

Kiski Places Second In WPAL

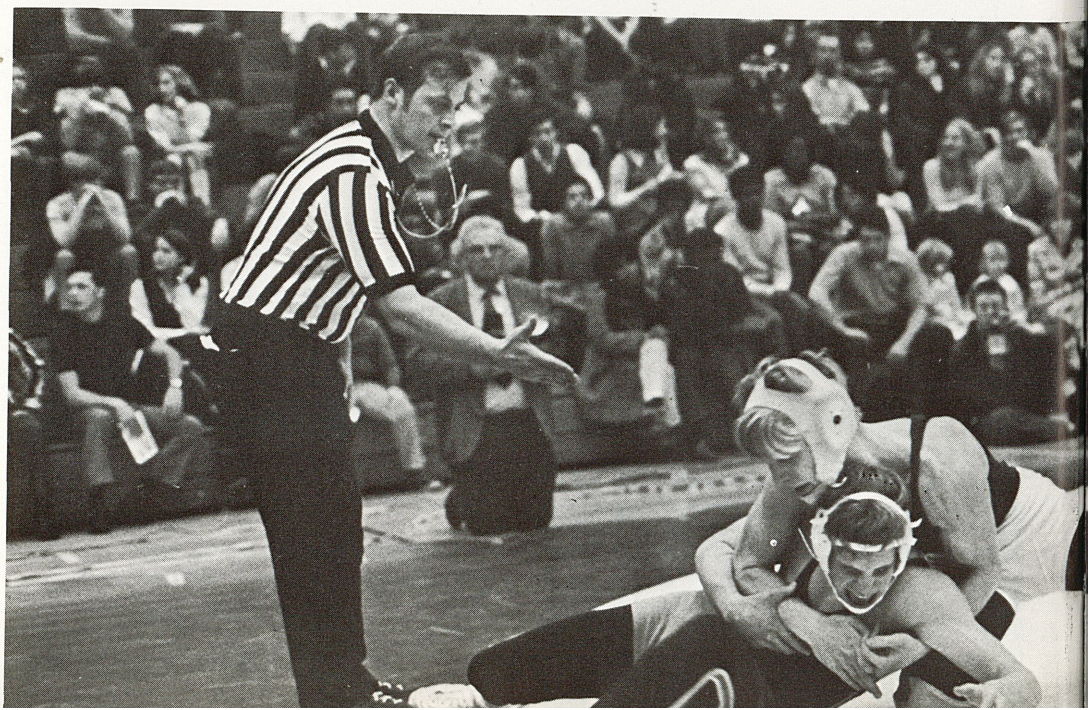

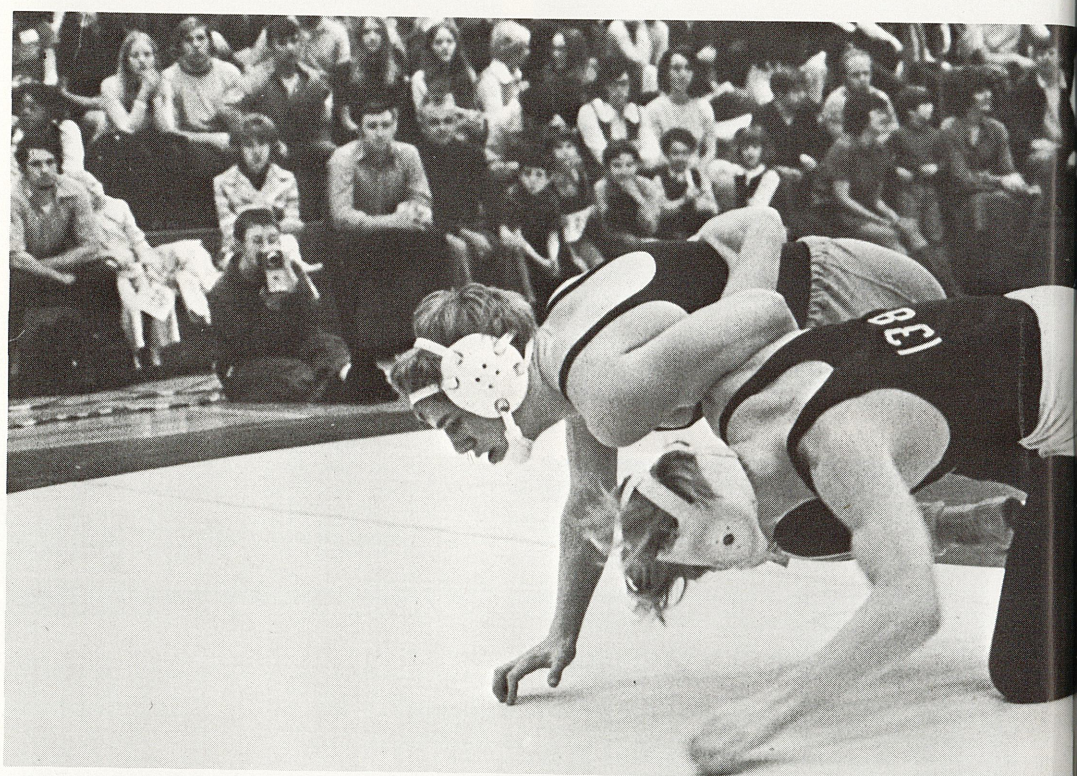

Lettermen and novices alike hoped that the addition of Mr. Swanderski as assistant coach would mellow the tactics of Coach Roberto. However, just the opposite was achieved. The result was a twenty-hour-a-day dedication to their wrestling careers.

Everyday meant grueling practice sessions and stinging mat burns. Then the famished team boarded the activity buses and headed home to be greeted by a blah, low calorie diet.

The wrestling team took part in a total of nine matches and also participated in the Westmoreland County Coaches Association tournament. In head-to-head competition with fifteen schools, Kiski labored to a second place finish.

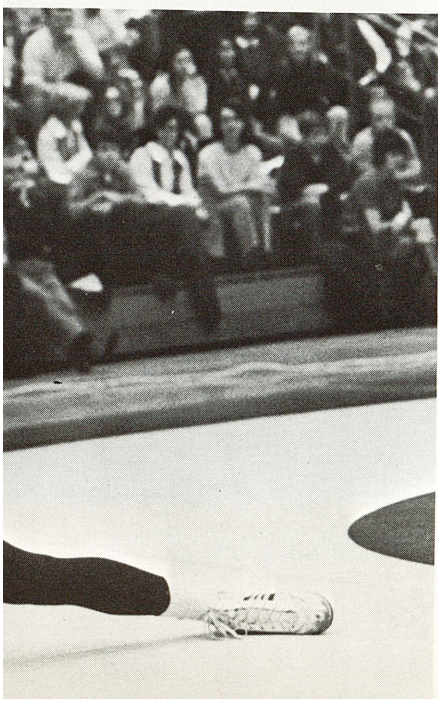

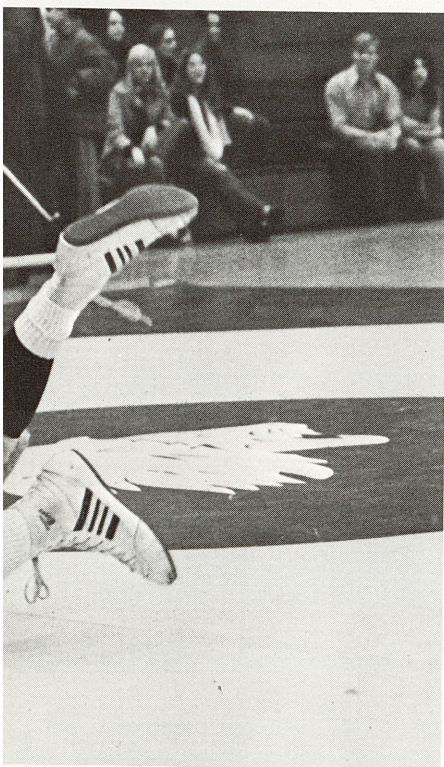

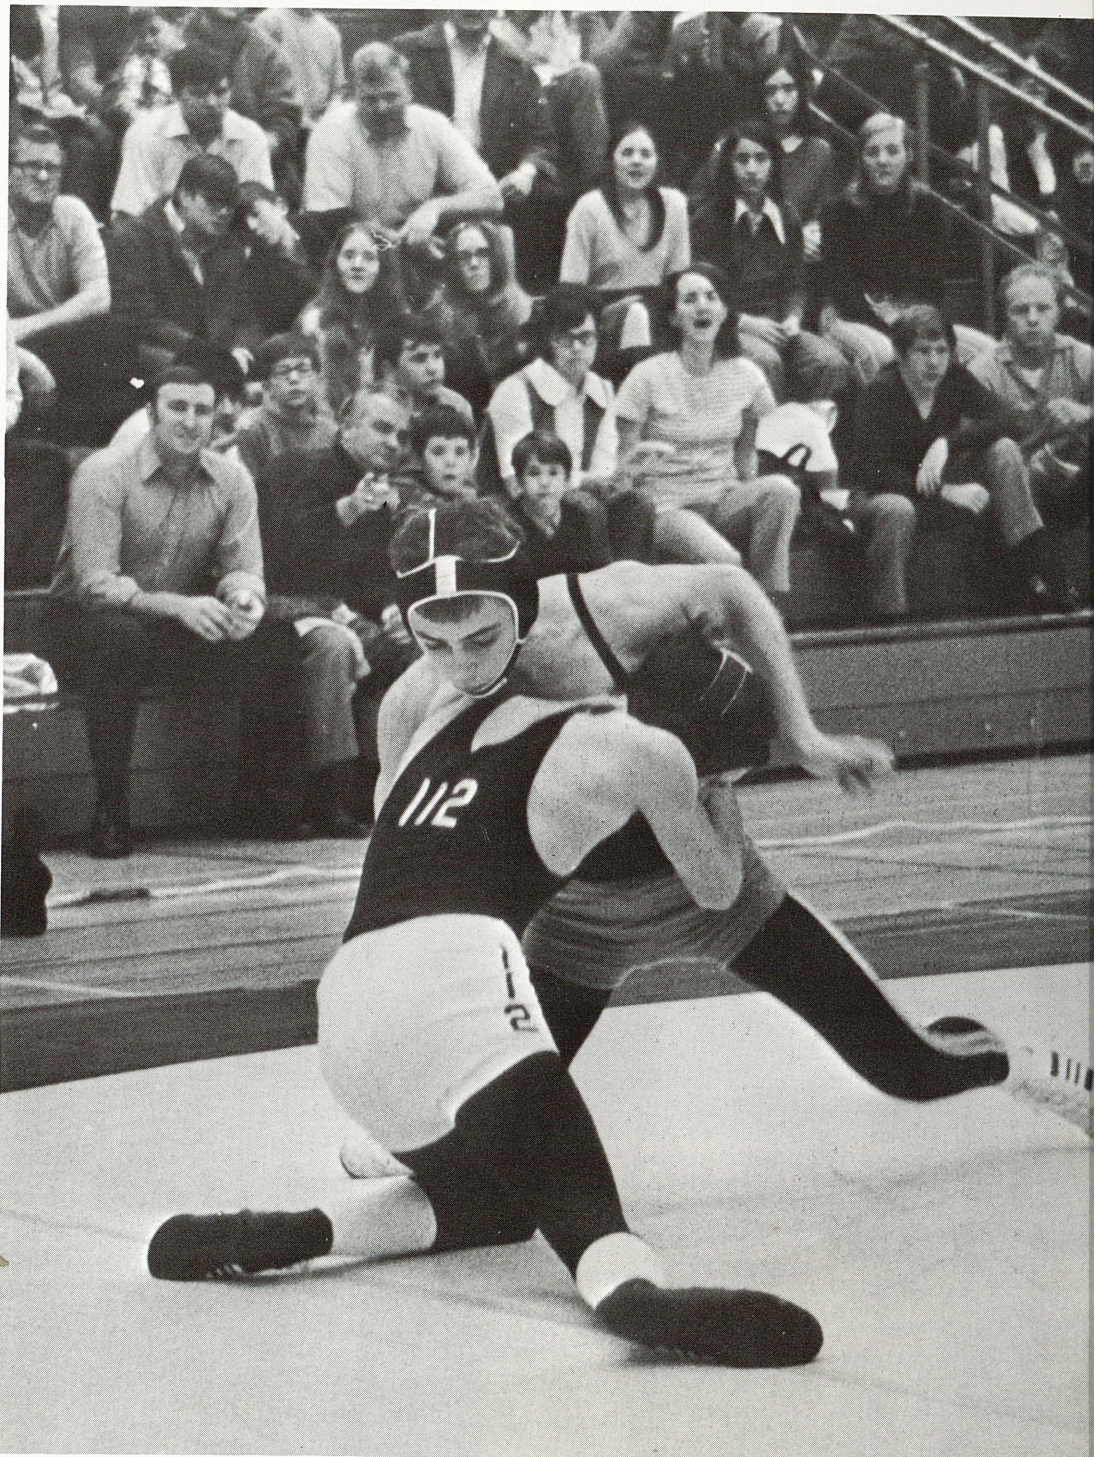

Don Toy and Jim Lamison pinned down honors by placing as runners-up in their divisions. Mark Rayburg captured first place in his weight class, and also was named the Most Valuable Player of the tournament.

At the conclusion of the season, the pounds of sweat, hours of work and sacrificed Saturday afternoons, didn't seem to be such an unreasonable demand for the ultimate goal—success!

Kiski Competes For Championship

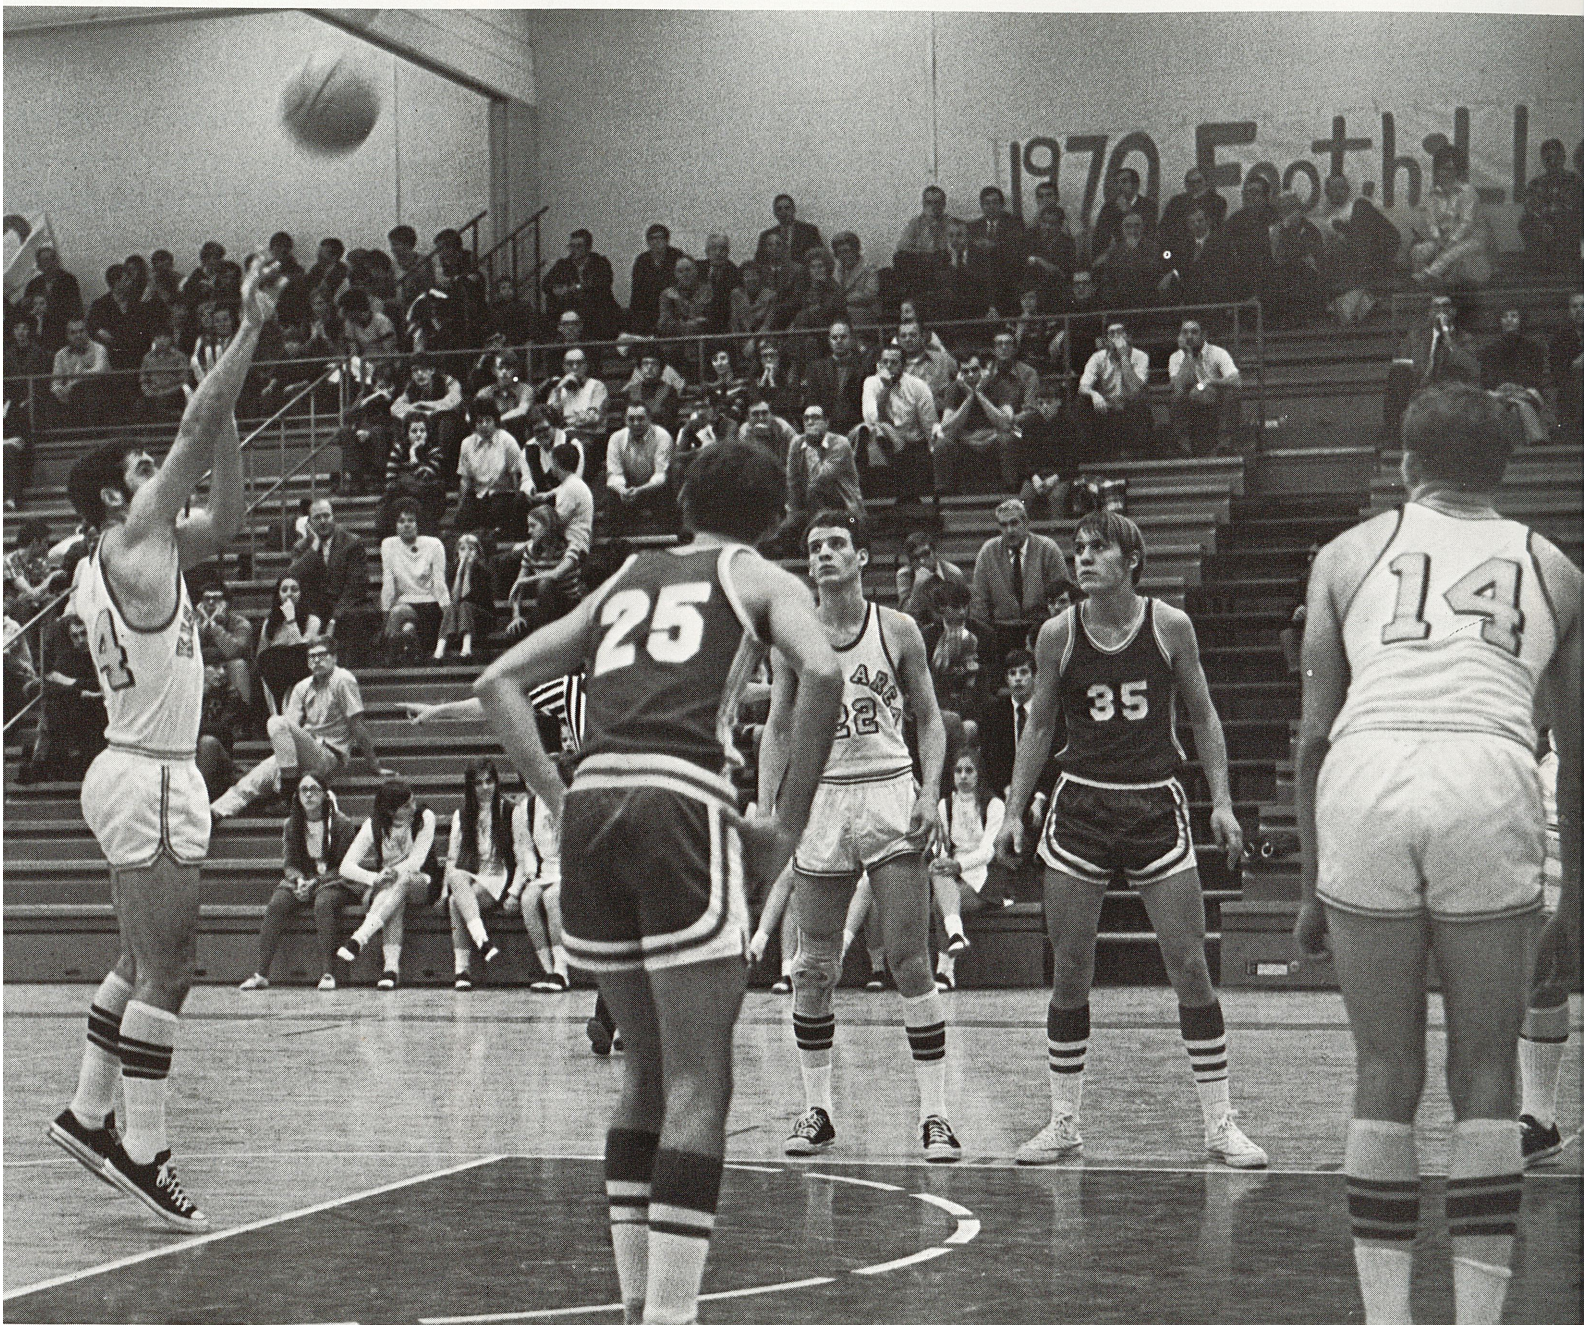

Kiski? Kiski Who? Basketball—you're kidding? Really, it's all true. This basketball season will truly go down in Kiski's history. Who could believe that a team losing 6 out of 10 exhibition games could make a comeback and compete for the sectional championship? Most of us didn't "Believe."

The season opened in its usual ho-hum way—losing. Some of the guys were still playing football, but for some reason when the exhibition games ended—football ended, too. Surprise—the team finally started winning!

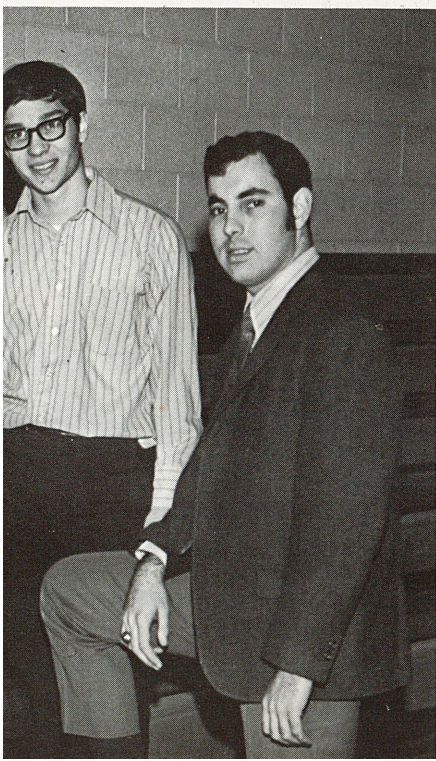

In the crucial Highlands' game, Rich Kaminski leaps high to block the threat of a Ram's field goal.

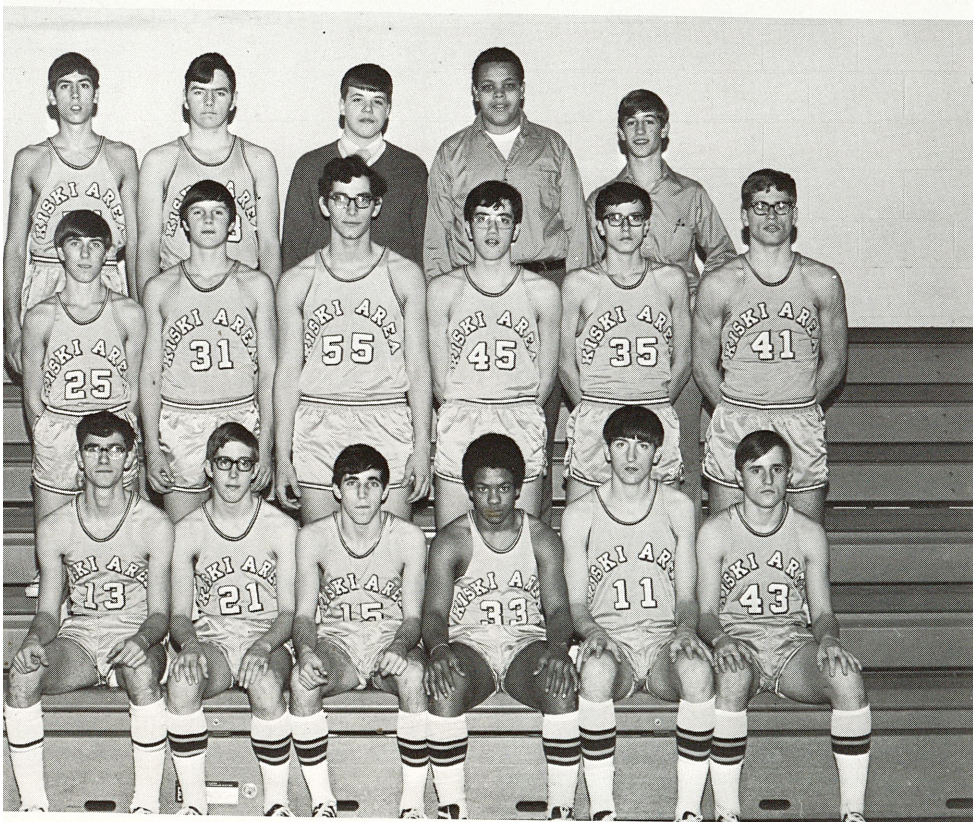

Cavalier Harry Bodnar attempts to sink a foul shot while Kiski and Kittanning players await the rebound.

Psyched Kiski

Roundballers Conquer

Invincible Highlands

Kittanning went down with no sweat by a score of 72 to 38. But who could beat the invincible Highland's team? KISKI did 77—76 thanks to Horvat's deciding foul shot. The game with Burrell was not only embarrassing, but the team lost its sectional lead. We were tied for first place with Highlands.

It was evident that Tarosky and Kaminski were under pressure, thinking that they would have to carry the team. But in time Horvat, Foreman, and Kish did their jobs. And they did them well! This was no doubt the proudest season for Coach McDermott and our basketball team.

Against a tough Highland's defense, Rich Kaminski grabs the rebound and prepares for another shot.

In the early seconds of the Fox Chapel game, Don Tarosky reaches desperately to gain control of the ball.

whorn Leads The Way In Girls' Basketball

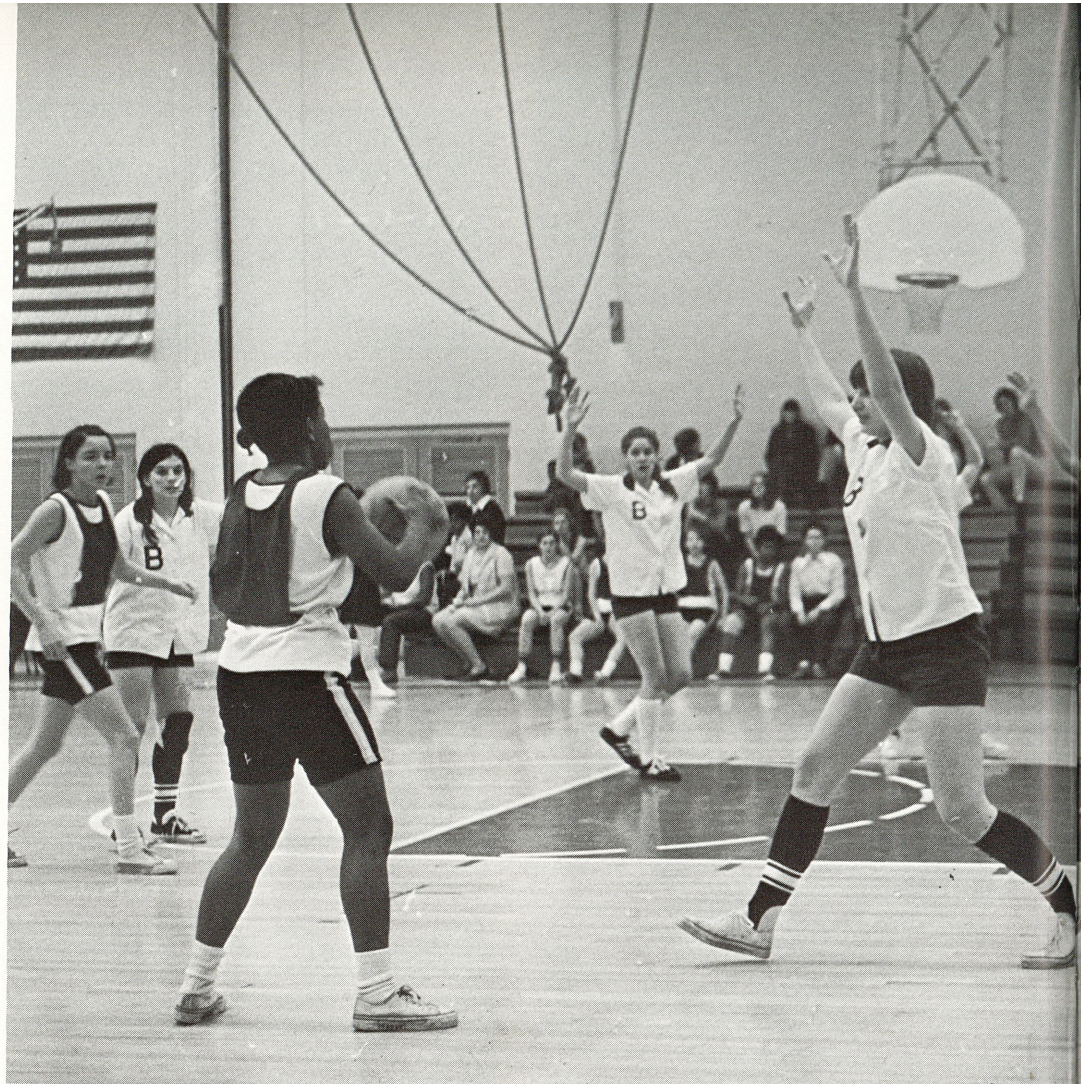

We started the season with four returning girls who lettered, accompanied by high hopes of wins. But we soon drifted down to reality after our first game, a 21—33 loss to Leechburg.

We practiced after school on Tuesdays and Wednesdays and early Saturday mornings. We ran laps, walking on the inside and outside of our feet (that wasn't easy), and playing basketball constituted our practice sessions. But we did have fun practicing, especially when Laura May sang to us or Karen packed one of her many jokes.

Our biggest set back of the year occurred when Blanciak turned her ankle during the Highlands game. Who said girls aren't tough!

Marked by captain "Marvelous Marvel" Lawhorn the team achieved success.

Our season's scores didn't break any records, but we didn't care. We worked together to form a team and we accomplished that goal!

Administration

Our Administration is always trying to give our students the best education available. Hoping to better our school system, Mr. Miller attended the State Principals' Convention at Harrisburg in October and the National Principals, Convention at Houston, Texas. Academically, strides were taken to improve curriculum organizations through the establishment of paid department heads in English, Math, Science and Social Studies.

Our new building program was begun thanks to our administration and it will include a new, enlarged library, six additional classrooms, and a new gym with a swimming pool. With these new facilities added, Kiski may become a Community College, benefiting not only our alumni and students now attending Kiski, but also our community.

Early this year an air of confusion filled the minds of our faculty when a new Central Supply Building was established in Vandergrift. Under Mr. Toncini's direction, all supplies are now shipped to the school through this office.

Our Administration is "with it". Kiski is proud of them!

FACULTY

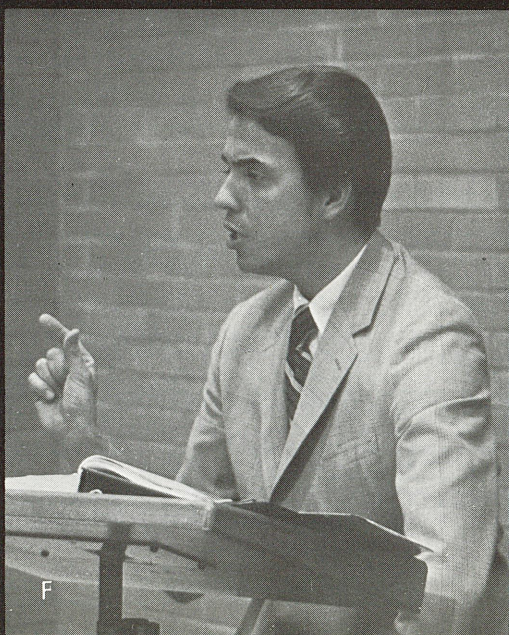

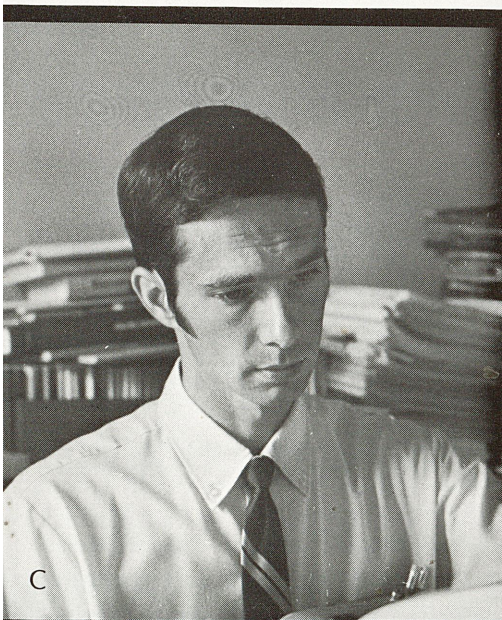

Each year Kiski students are faced with the same murderous tests, stern voices, conservative dress, and other standard characteristics of a faculty. But, this year Kiski's faculty became more than books enforced by teachers' manuals.

Keeping in style, Kiski's "he-men" came to class clad in electric blue shirts, boots and bell-bottoms. They were surpassed only by the epitome of fashion—the women's pantsuits.

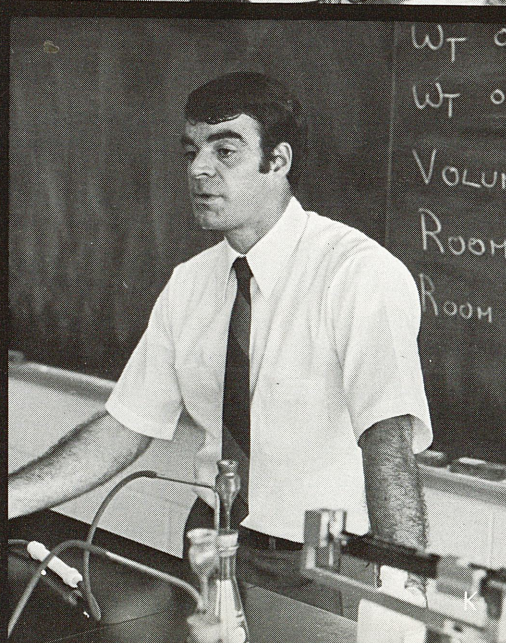

Fascinating interests existed within the domain of the faculty. Outside the classroom, red pens were exchanged for Nikon cameras, six irons, ballet slippers and hour glass construction. Interested in the realm of travel, teachers scanned the globe from Alaska to England and even to Budapest!

Besides all these creative endeavors, the faculty was also well educated and professional minded. As a result of Act 195, membership in the Kiski Area Education Association zoomed to an all-time high with 74 out of 76 teachers joining. Over one third of the faculty held their Masters Degrees.

The faculty has changed, but through their wisdom and guidance they again have proved they are indisputably the foundation of the school.

Sophomores

Our first day seemed like one enormous mass of never-ending confusion. We were new, and to us, so was Kiski. Sophomore life was a passion of decision and frustration. But we adjusted—we explored and discovered. And now we remember . . . the feeling of relief with which we found our homerooms, Mr. Morea and his "Big Stick", and our elective English classes. We recall our exhausting gym classes and wonder how we ever survived.

To us, our sophomore year was a year of special "firsts." We discovered what the Tunnel was really like. We learned to maneuver our way through the patio between classes without colliding with a flower-pot. We got to know all the new kids from Allegheny, Vandergrift, and the Township. We remember our first pep assembly, the Sophomore Dance, and all the other factors which helped to unite us into the class of '73. During our brief span of time as sophomores, we discovered, through new friendships, new classes, and new experiences, that *This is Kiski*.

Juniors

member August 31, when we stumbled on our buses and yawned as we witnessed hundreds of sophomores probing for new environment? Only then did it of us fully realize what it meant to be Juniors.

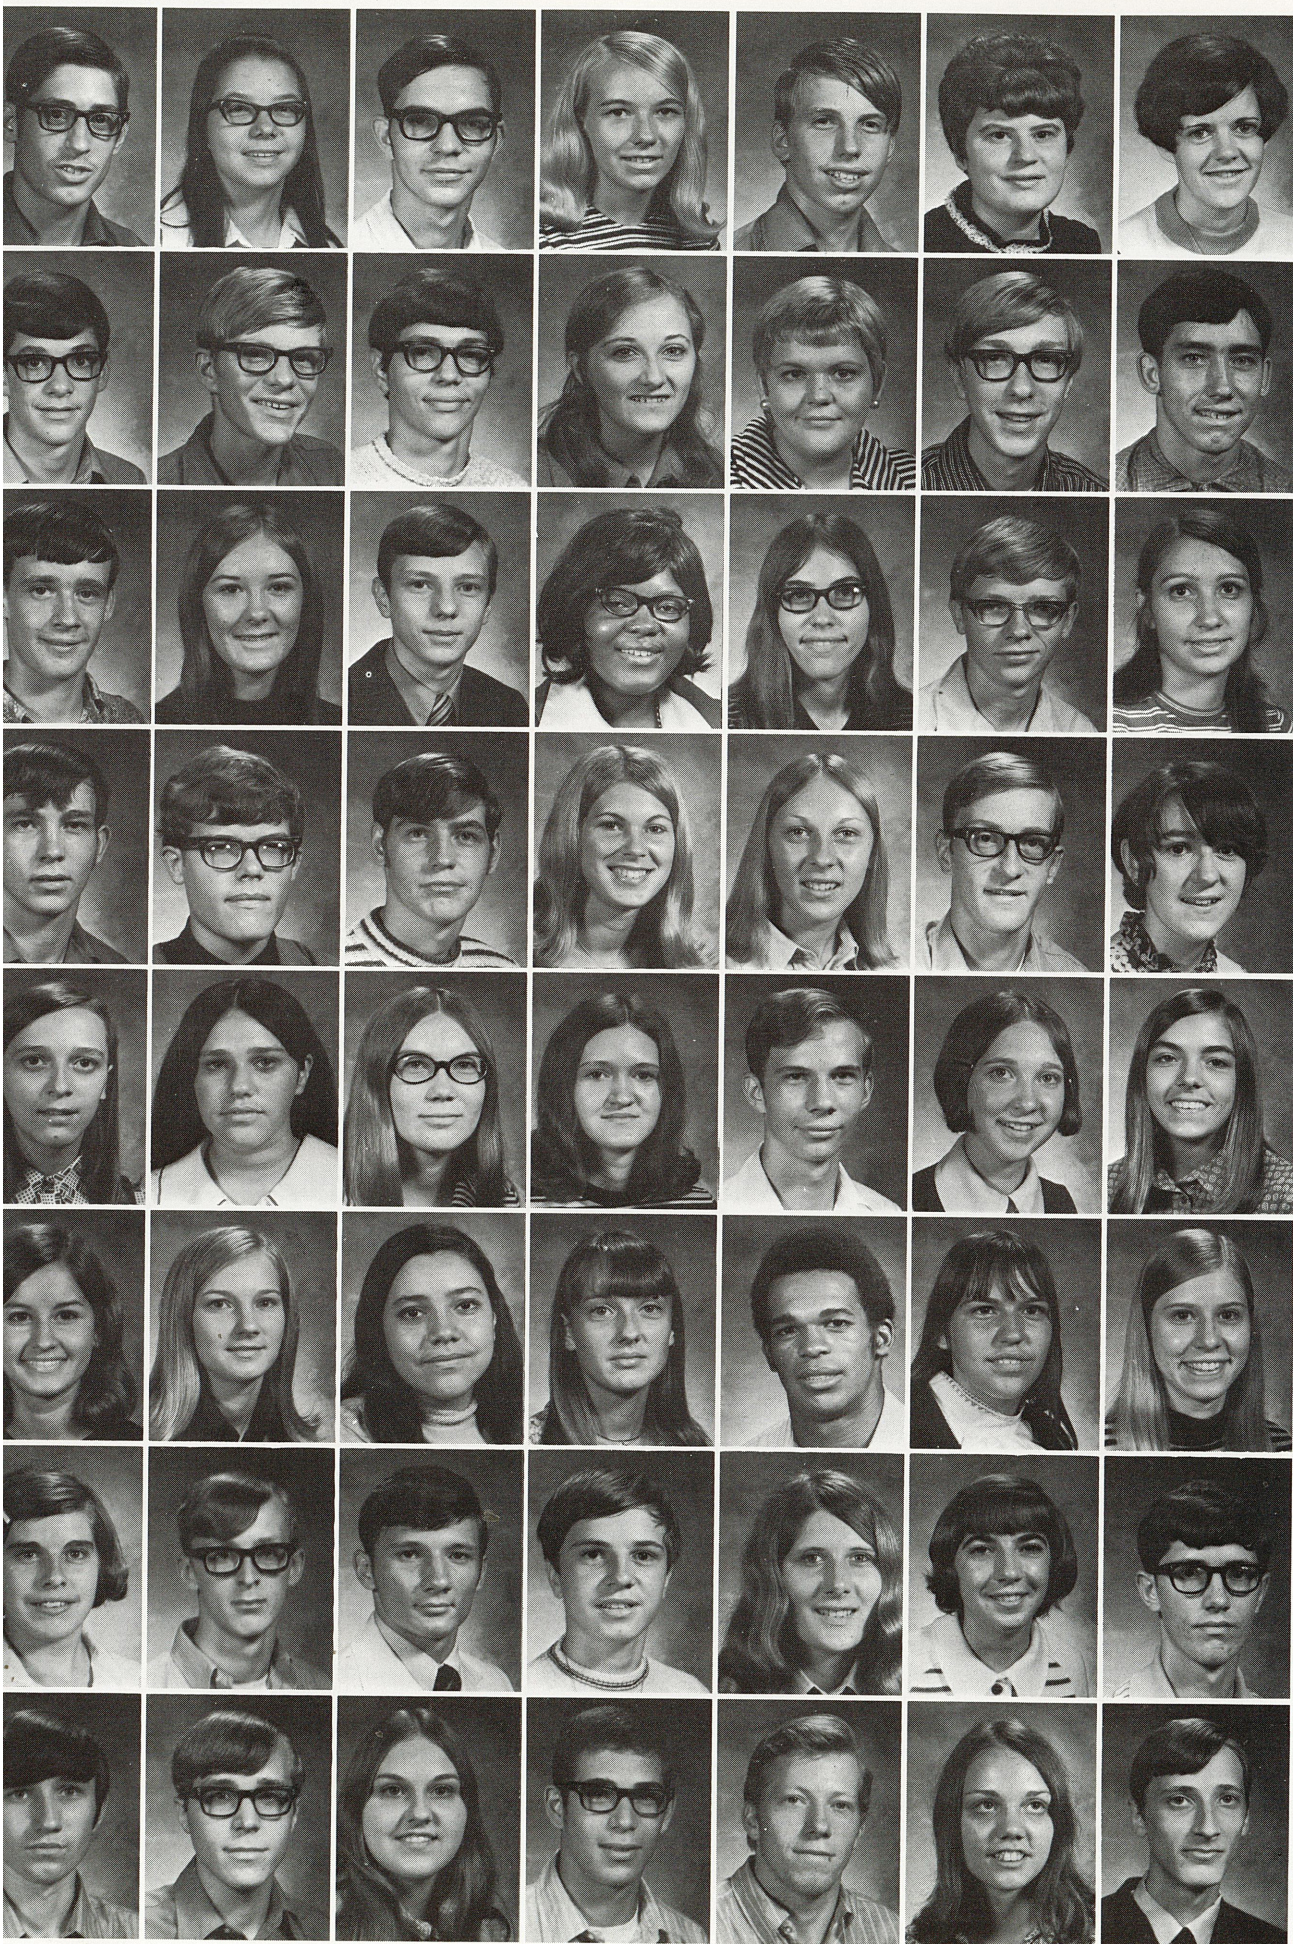

We are the class of '72. We enjoy more freedoms this year, especially in choosing courses we really want. We are finally mastering the arts of talking in study hall, going out of homeroom, and various other credible achievements. We don't run anymore when the late bell rings. We have acquired an air of distinction actuated by our most outstanding status symbol - our class rings.

However, life isn't always a joy. There are chemistry experiments to write up, World History research that never ends, PSAT and College Board exams designed to give us ulcers.

We are only beginning to realize the great spirit we all possess. We are not just an ordinary group of individuals, We're the class of '72, and we're proud!

During an Algebra II class Junior students find time to laugh at Mr. Veselicky's jokes.

The tears of Jennifer Truffa reflect mixed emotions of pride and amazement after being crowned Homecoming Queen.

Seniors

This was our year! We had struggled for twelve years and we had made it; Seniors at last!

To begin our final year, we leaped right into class elections full force. We plastered the halls with signs and banners, while chants of "Shees it with Alex" and "Marf's the one for '71" echoed throughout the senior building.

Blythe Spirit, our senior class play, bewitched the audience into an air of suspense as Peggy Czuszek, alias Madame Arcati, experimented with the occult. We didn't raise much money, but we had a blast doing it.

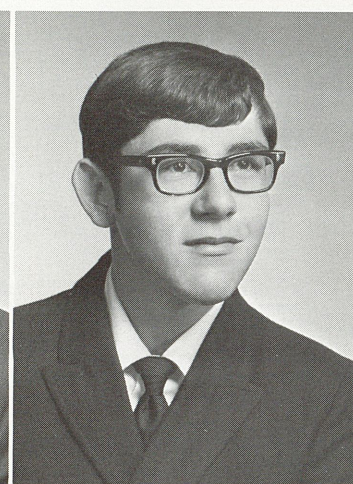

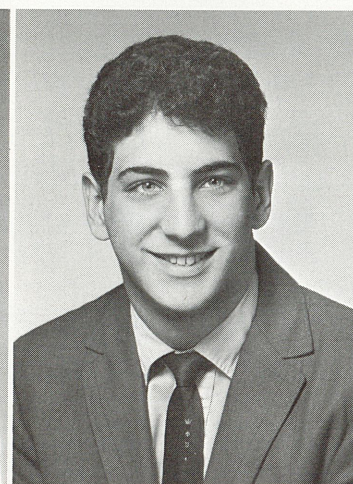

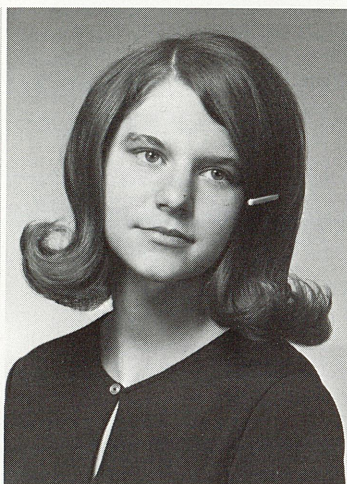

Our senior board scores came in and many of us went into mourning. But, letters of college acceptance made our spirits soar at the peak of a New Year.

Since we had to have some funds to finance our Senior Banquet and our Prom, Mr. Eckman had us gallivanting all over creation selling all those "fantastic" seasonal notecards and cookies.

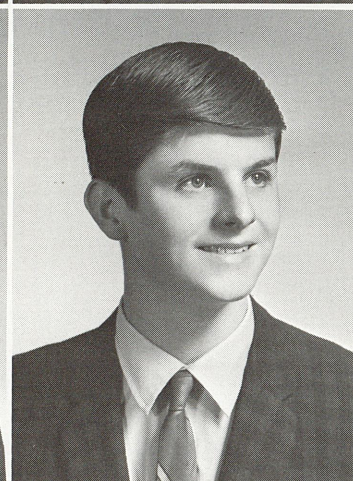

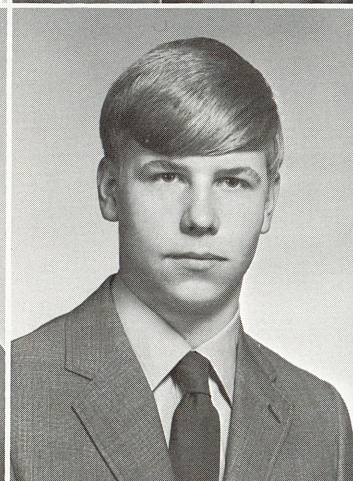

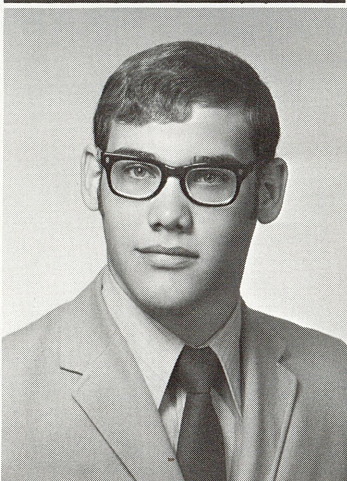

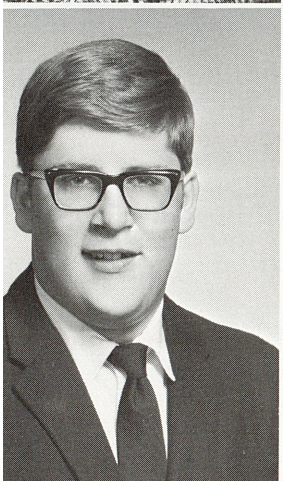

Our year came to a close with the turning in of term papers and text books. We had finally reached our goal—Graduation. But we didn't stop there. Now was truly the time to "Release the past and grasp for the future!"

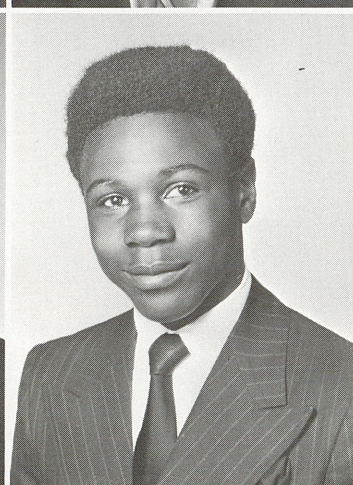

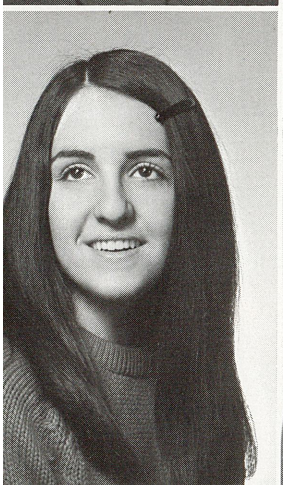

Senior Class Officers: Harry Bodnar, Vice-President; Diane Marhefka, Treasurer; David Romagni, President; Alex Curtis, Secretary.

An ending . . .
to a year
an experience,
a moment.
A conclusion to a memory
of things shared within
Kiski's walls.
Faded smiles
and forgotten voices.
Mixed emotions of
achievement
and regret,
of things never done
and friends never met.
The pain of letting go
and reaching timidly for
better things.
The ending . . .
a time when words cannot
express the
emptiness
you feel.
